ABOUT

Cañada College opened in 1968. Its 131-acre site is located in the western part of Redwood City and overlooks the Bay. The College takes its name from Cañada Road, which winds its way through the valley to the west of the College; the Spanish word “cañada” means “long valley.” Cañada is one of three community colleges in the San Mateo County Community College District and its primary service area is the southern portion of San Mateo County, Redwood City, San Carlos, Menlo Park, Atherton, East Palo Alto, La Honda, Portola Valley and Woodside.

Instructors, students, staff and administrators participate in curriculum development and the learning processes and in the general campus environment as full voting members of the various college committees which provide guidance and assistance to the President.

Statement on Academic Freedom

The San Mateo County Community College District is dedicated to maintaining a climate of academic freedom encouraging the sharing and cultivation of a wide variety of viewpoints. Academic freedom expresses our belief in inquiry, informed debate and the search for truth; academic freedom is necessary in order to provide students with a variety of ideas, to encourage them to engage in critical thinking and to help them understand conflicting opinions. Academic freedom encompasses the freedom to study, teach, and express ideas, including unpopular or controversial ones, without censorship or political restraint.

Academic freedom, rather than being a license to do or say whatever one wishes, requires professional competence, open inquiry and rigorous attention to the pursuit of truth. The District’s faculty have the right to express their informed opinions which relate, directly or indirectly, to their professional activities, whether these opinions are expressed in the classroom, elsewhere on campus or at college-related functions. In a search for truth and in a context of reasoned academic debate, students also have the right to express their opinions and to question those presented by others.

Employment by the District does not in any way restrict or limit the First Amendment rights enjoyed by faculty as members of their communities. Faculty members are free to speak and write publicly on any issue, as long as they do not indicate they are speaking for the institution.

Protecting academic freedom is the responsibility of the college community. Therefore, in a climate of openness and mutual respect, free from distortion and doctrinal obligation, the District protects and encourages the
exchange of ideas, including unpopular ones, which are presented in a spirit of free and open dialogue and constructive debate.

Registration

Registering for Classes and the Student Success Process

The Student Success Process is a state mandated process that describes a partnership that you, the student, and Cañada College agree to form for the purpose of realizing your individual educational goals. This partnership acknowledges responsibilities of both the College and YOU, the student, to reach those goals through established programs, policies and requirements currently in place.

Complete the Student Success Process steps prior to registration if you have one or more of the following educational goals:

- obtain a vocational certificate,
- obtain an Associate degree,
- transfer to a four-year college or university, or
- are undecided about your specific educational goals but are considering the above options.

Exemption from Student Success Process

You are exempt from the Student Success Process if on your application you have indicated one of the following:

- have completed an Associate or higher degree, or
- have enrolled in classes for personal enrichment only and do not intend to earn a degree or certificate, or
- are primarily a student at another educational institution and taking courses at Cañada College to meet requirements of that institution.

  • Progress towards your educational goals
  • Develop or update your Student Educational Plan (SEP)
  • Learn about important student services that enhance student success

Priority Registration

Priority registration gives specific groups of students the opportunity to register for classes early. Generally, groups are given priority based on maintaining current Student Educational Plans, complete the Student Success Process, and earning a total number of units with the district.

To receive a priority registration date, students must be in “good standing”. The state defines “good standing” as students who are not on academic/progress probation (for two consecutive semesters) or on dismissal, or have not earned more than 100 degree applicable units. If you are on probation for two consecutive semesters or on dismissal, or have earned 100 units or more, you will not receive a priority registration date. You will be able to register after the priority registration process is completed.

To appeal the loss of priority registration, complete the “Loss of Priority Registration and/or BOG Fee Waiver Petition” (www.canadacollege.edu/forms). Completed petition needs to be turned into the Admissions & Records office.

Step #6 - Pay Fees (required)

Students are required to pay registration fees at time of registration, or have other sources (financial aid, Board of Governors Fee Waiver, Third Party Payer or Payment Plan.) Students will be dropped for non-payment of fees on a rolling basis. Please see website for most up-to-date information on fee deadlines. Students with disabilities who need assistance with any part of the matriculation process should contact the Disability Resource Center at (650) 306-3259.

Class Schedule and WebSCHEDULE

Schedule Web Page

Complete information regarding registration dates and procedures is published in the College Schedule of Classes for each semester. The schedules are available on the Cañada campus, in local high schools and Public Libraries, and on our web site: canadacollege.edu/schedule.

Changes in Class Schedule

Once you have completed registration, you may change your schedule via WebSMART. Once a class has started, an authorization code to add is required and can be obtained from the instructor. Students should consult the current Schedule of Classes for deadlines and procedures. Students may use WebSMART the entire semester to register for short-term classes that begin after the start of the semester and to drop classes.

WebSCHEDULE

Changes in the class schedule PDF may occur within the semester. Such changes may not be reflected in the schedule PDF document. For the most up-to-date class listings, one should refer to WebSCHEDULE. By navigating the WebSCHEDULE page, you can filter class offerings per semester, disciplines, college, keyword, and open courses.

Distance Learning

Distance learning courses are Cañada College credit courses that give students the opportunity to complete some or all course work outside the classroom, on their own time, usually at home. They are offered as online or hybrid.

Online Courses

Online courses are ones in which the instructor and student are separated by distance for the entire course and can interact exclusively through the assistance of communication technology. The course is conducted through a class website, which may include multimedia material and links to other online resources. Students interact with the instructor and other students through posted class discussions, direct individual communication and assignments (which may include group work). Testing may be done online via proctoring arrangements or other means. Instructors require no mandatory on-campus meetings. If an instructor wishes to incorporate on-campus meetings into the course, the instructor must also provide for alternative distance education means of student participation.

Hybrid Courses

Hybrid courses substitute face-to-face instructional hours with online work, and have some regularly scheduled on-campus meetings without alternative distance education means of student participation.

Online or hybrid courses are academically equivalent to on-campus courses and are transferable to most four-year colleges and universities. See the Schedule of Classes, or visit our website—www.canadacollege.edu—for information on specific course offerings.

Learning Communities

Learning communities are linked classes: the same group of students take two or more classes with the same instructors. The professors work together to ensure common themes in class assignments and activities, as well as accessibility to academic counseling and helpful services available on campus and in the community.

Students who are enrolled in learning communities are more likely to succeed academically. The learning community fosters a tight knit relationship between faculty and students. Join a learning community, receive extra support and make friends for a lifetime!

Cañada College offers a variety of learning communities. In consultation with your counselor, select the learning community based on your placement test score. To be a part of the learning community, you must remain enrolled in all sections. See canadacollege.edu/academics/learningcommunities.php for more information.

*When registering on Websmart, you must enter each CRN (course reference number) for all classes within the specific learning community.

Registration Policies

Multiple and Overlapping Enrollments

Students may not enroll in two or more sections of the same credit course during the same term. Students may not register in two courses which meet at the same time or have overlapping times. Exceptions to this rule may be approved under circumstances of academic necessity (not scheduling convenience). In addition, approval requires submission to Admissions and Records Office of a documented plan describing how the student will make up missed class time under the instructor's supervision and attendance documentation at the end of the semester. Overlap exception forms are available on the college website - canadacollege.edu, and in the Admissions and Records Office.

Unit Load

A normal class load for a full-time student for fall and spring semesters is between 12–19 units for summer session a full time load is considered to be 6 units. No student is permitted to take more than 11 units during the Summer Session or 19 units during the Fall and Spring semesters without special approval of the Extenuating Circumstances Committee. Approval forms are available on the college website - canadacollege.edu, and in the Admissions and Records Office. Students working full time should limit their program to six or fewer units. Combinations of work and college study should be carefully discussed with a counselor.

A program of 12 units or more during fall and spring terms is considered a full-time load for athletic eligibility, financial aid, international students with F-1 visa, veterans' benefits, social security benefits, and most other benefits which are dependent upon student enrollment status.

Course Repetition

Course Repetition Definition

A “course repetition” occurs when a student attempts a course and receives an evaluative or non-evaluative symbol for the course (i.e. A, A-, B+, B-, C+, C, D+, D, D-, F, W, P/NP, CR/NC, RD, I) and wishes to enroll again in the same course. Course repetition includes the following components. (Title 5 Section 55040)

Course Repetition To Alleviate Substandard Work

A student who has earned a substandard grade (D+, D, D-, F, NP, NC) may repeat the course to improve the grade. A student may attempt a course a maximum of three times. To alleviate substandard work, a “course attempt” occurs when a student receives an evaluative or non-evaluative symbol for the course (D+, D, D-, or F or W or NP/NC). All course attempts in a student's academic record count toward this enrollment limitation. The first or first and second substandard grades and units are excluded in computing the student's GPA. The grade and units for the third or final attempt are included in the student's GPA. (Title 5 Section 55042)

Course Repetition As A Result Of A Withdrawal

A “W” counts as a course attempt. A student may attempt a course a maximum of three times. All course attempts in a student's academic record count toward this enrollment limitation.

A Student Earning A Satisfactory Grade May Not Enroll In The Same Course Again Unless One Of The Following Six Exceptions Applies

• Significant Lapse of Time — A student may enroll for one additional attempt if he/she successfully completed the course and a significant lapse of time of more than 36 months has occurred since the student was awarded a grade in the course AND the district has established a residency prerequisite for the course or an institution of higher education to which the student seeks to transfer has established a residency requirement that applies to the course. (Example: Biology 250 was completed with a grade of C in Fall 2011. In Fall 2013 the student is preparing to apply to a nursing program that requires Biology 250 to be completed within the last three years. The student is eligible to repeat the course in Spring 2014 with documentation of the residency requirement.) The grade and units from the first course completion will be disregarded in computing the GPA. (Title 5 Section 55043)

• Extenuating Circumstances — A student may enroll for one additional attempt only if documentable extenuating circumstances exist that match the
dates of the course for the previous enrollment. Examples of extenuating circumstances are natural disaster, accident, illness, or other extraordinary documentable experience beyond the student's control. (Title 5 Section 55045)

- **Students with Disabilities Repeating a Special Class** — A student with a verifiable disability may repeat a special class for students with disabilities any number of times based on achieving progress in the class and an individualized determination that such repetition is required as a disability-related accommodation for that student. (Title 5 Section 55040)

- **Legally Mandated Course** — A student may repeat a course determined to be legally mandated and required by statute or regulation as a condition of paid or volunteer employment or licensure. A student must provide evidence that the course is legally mandated or that licensure standards require course repetition. Such courses may be repeated for credit any number of times. (Title 5 Section 55000)

- **Occupational Work Experience** — A student may enroll multiple times up to 16 units of credit in cooperative work experience education

**Courses Related In Content**

- **Course Attempts within Subject Families** — District policy limits enrollment of students in courses that are active participatory courses in physical education/kinesiology, and visual or performing arts. In this regard, the colleges have established “families” of similar educational activities. Kinesiology activity courses and some visual and performing arts have established “families” and are subject to enrollment limitations. Although a course cannot be repeated, a student may attempt up to 4 courses in a subject “family.” Some subject families offer more than 4 courses but a student may enroll in a maximum of four courses within a family. All course attempts in a student's academic history count toward this enrollment limitation within a “family” of courses. This limitation applies even if the student receives a substandard grade or a “W.” Enrollment limitations are monitored district wide for a subject “family.” New students are advised to enroll in the beginning level of a course family and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family must progress to the next level. For a list of Kinesiology and Dance “families” go to the College Catalog under Course Descriptions/Kinesiology. (Title 5 Section 55040)

**Repeatable Courses – Three Types Of Courses May Be Designated As Repeatable**

These courses are identified as repeatable in the college catalog. (Title 5 Section 55041)

- **Intercollegiate Athletics** — Courses in which student athletes enroll to participate in an organized sport sponsored by the district or a conditioning course which supports the organized

- **Competitive sport** may be designated as repeatable. (Title 5 Section 55040/55041)

- **Intercollegiate Academic or Vocational Competition** — Courses that are specifically for participation in non-athletic competitive events between students from different colleges may be designated as repeatable. The course must be tied to the student's participation in the competition. The event must be sanctioned by a formal collegiate or industry governing body.

- **Required by CSU or UC For Completion of a Bachelor's Degree** — Repetition of the course is required by CSU or UC for completion of the bachelor’s degree. Courses are limited to four attempts and this enrollment limitation applies even if the student receives a substandard grade or a “W.” (Title 5 Section 55041)

Cañada College allows auditing of courses, with the exception of courses in programs that require special preparation and/or program admission on a limited basis. A student may audit a course only under the following circumstances:

1. The student must have previously enrolled for credit for the maximum number of times allowed for the particular course.
2. The instructor of record for the course must approve the student's enrollment as an auditor.
3. The student must be in good academic standing.
4. If the course if offered for variable units, the student must enroll for the maximum number of units available.
5. The student must enroll as an auditor immediately following the published late registration period and pay the auditing fee.

Students who enroll in a course for credit have first priority for all classroom space. Students who wish to audit a course may enroll the week after the late registration period is concluded, though with the instructor's permission they are able to attend the course from the first class meeting. Students who wish to audit a course must obtain an AUDIT COURSE REQUEST from the Office of Admissions and Records. No students auditing a course shall be permitted to change his or her enrollment to receive credit for the course. An auditing fee, as established by California Education Code, is payable at the time of enrollment as an auditor, with the exception of students enrolled in ten (10) or more semester credit units.

The money collected through the Student Representation Fee will be expended to provide support for students or their representatives who may be stating their positions and viewpoints before city, county and district government, as well as before offices and agencies of local, State, and Federal governments. A student has the right to refuse to pay the Student Representation Fee for religious, political, moral or financial reasons. Fines
Fines are assessed for failure to comply promptly with library and other campus regulations, and students are required to pay for careless or unnecessary damage to College property. Students delinquent in their financial obligations to the College may not receive unofficial/official transcripts, enrollment verifications, or degrees/
certificates until such delinquencies have been adjusted to
the satisfaction of the college authorities.

Refunds

Enrollment fees shall be refunded in accordance with the
following guidelines:

Prior to the First Day of Instruction

• Parking is nonrefundable without extenuating
circumstances
• Students dropping all classes will receive full credit
toward future registration fees for the amount of all
fees paid. A $10 processing fee (plus an additional
$50 processing fee for non-resident students and F-1
Visa international students) will be retained by the
College if a refund is issued to the student.

On or After the First Day of Instruction

• Enrollment Fee/Nonresident Tuition: Students will
receive full enrollment fee and non-resident tuition
credit toward future registration fees if they reduce
their program or officially drop from all courses
within the first 10% of the period of instruction of
their courses. Students who officially drop from all
courses and request a refund will be subject to a $10
processing fee. An additional $50 processing fee will
be retained by the College for non-resident and F-1
Visa international students who request a refund.
(Example: If a course has 12 meetings, 10% of 12 =
1.2. The College will round up to 2.0. Therefore, to be
eligible for a credit or refund, the student must drop
no later than the end of the day of the second class
meeting.)
• Variable Unit Courses: No Enrollment Fee or
Nonresident Tuition refund or credit will be available
to students enrolled in variable unit courses who
earn fewer units of credit than the number for which
they originally registered. Students earning additional
units will be charged accordingly.
• Health Services students will receive a full refund
through the second week of instruction for semester-
length classes and through the first 10% of the
instructional period for students enrolled in less than
semester-length classes.

Student Body Fee: Students will receive a full refund
upon request and within the published deadlines
listed in the Schedule of Classes.

• Student Representation Fee: The Student
Representation Fee will be waived for students
who refuse to pay for religious, political, moral, or
financial reasons. This waiver must be submitted
in writing within the first 10% of the period of
instruction of the course(s).

Credit balances remain on student accounts for a maximum
of five (5) years. A student may either choose to maintain a
credit balance on account or contact the Business Office to
arrange for a refund. Refunds are NOT issued automatically.
Fees paid by personal check will require 30 days for bank
clearance before refunds can be processed. To be eligible
for a refund/credit, a student must officially drop from a
course. Student records are automatically held until all
debts to the District colleges have been cleared.

San Mateo County Community College District policy
requires students to pay all fees at the time of enrollment.
The policy states that students will be dropped from
classes for non-payment of fees. Deadlines to pay fees are
published in the Fees section of the class schedule and
college website before the beginning of every semester or
term registration. If students are unable to pay their fees,
they are encouraged to enroll in an inexpensive payment
plan via WebSMART, apply for financial aid ( www.fafsa.gov
or www.caldreamact.org as eligible) at least five days prior
to registering for your classes, or complete the Board of
Governors Fee Waiver via WebSMART to prevent being
dropped from classes. If students need financial assistance
after exhausting all options listed above, they may contact
the Vice President of Student Services. Students who have
unpaid fees on their record will not receive grade reports or
other records of their work, and will be denied registration
unless all outstanding fees have been paid.
Grades and Scholastic Honors

Grades & Grade Point Average (GPA)

The grade is the evaluative symbol awarded to the student and is determined by the instructor. In calculating the grade, the instructor has the option of using plus/minus grades indicated in the table below. The grading criteria (for example if the instructor will use the plus/minus grades or not) will be listed in the course syllabus.

The Grade Point Average (GPA) is determined by dividing the total number of grade points earned by the total number of units attempted. Grades earned in non-degree applicable courses are not counted in calculating a student’s grade point average. Non-degree applicable course are identified with a # next to the grade on the transcript.

</table>

*P/NP are used in courses in which grades of Pass or No Pass are given or the option is selected by the student. The units earned with a grade of Pass count as units completed. No Pass means the student is not charged with units attempted and is not credited with units completed. The P/NP grades are not used in the calculation of the GPA.

The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency. Procedures for the correction of grades given in error shall include expunging the incorrect grade from the record.

The following non-evaluative symbols are used at Cañada College:

I-Incomplete

This symbol is used if academic work is not completed by end of term, where unusual circumstances were a factor for the student not completing the coursework, and the instructor agrees to provide an extension for when that work can be submitted. The work to be completed and the time allowed for its completion shall be set forth by the instructor in a written record. The record indicates the grade to be assigned in lieu of removal. The student will receive a copy of the record. A copy of the record will also be filed with the Admissions and Records Office. A final grade will be assigned by the instructor when the outstanding academic work has been completed within the required period. The grade determined by the instructor will be entered in the permanent record. In the event that the work is not completed within the prescribed time period, the grade previously determined by the instructor will be entered in the permanent record by the Office of Admissions & Records.

An “Incomplete” must be made up within one year following the end of the term in which it was assigned. Established College procedures may be utilized to request a time extension in cases involving unusual circumstances. The “I” shall not be used in the computation of grade point average.

IP-In Progress

This symbol is used in the permanent record of the student to confirm current enrollment and/or to indicate that the course extends beyond the normal end of the term. It indicates that work is in progress and that unit credit and a grade will be assigned when the course is completed. The “IP” shall not be used in the computation of grade point average.

RD-Report Delayed

This symbol is used by the Admissions and Records Office to indicate a delay in reporting the grade due to circumstances beyond the control of the student. It is replaced by a permanent symbol as soon as the grade is made available. The “RD” shall not be used in the computation of grade point average.
**Drops and Withdrawals**

Students may drop/withdraw from class(es) for either academic or personal reasons. It is the responsibility of the student to withdraw from a class. Any student not following the established drop or withdrawal procedures may be assigned an “F” or “NP” grade by the instructor. It is highly recommended to meet with a counselor regarding dropping or withdrawing as it may impact the completion of the student’s program and/or academic status.

**Drops**

The term “drop” refers to a specific period at the beginning of a term whereby removing oneself from enrollment will result in no record of enrollment in the class for transcript purposes. A student may drop from a semester length course during the first three weeks of instruction and no notation will be made on the academic record of the student. In courses of less than a regular semester duration, a student may drop prior to the completion of 20% of the period of instruction and no notation will be made on the academic record of the student.

**W-Withdrawal**

A student may withdraw from a semester length course, whether passing or failing, at any time after the third week of instruction through the last day of the fourteenth week of instruction. In courses of less than a regular semester duration, a student may withdraw from the 20% period of completion of instruction to the completion of 75% of the period of instruction. Upon a Withdraw, a “W” shall be noted on the student record.

A “W” is considered a course attempt and is included in the three course attempt limitation for courses not designated as repeatable.

A “W” shall not be assigned or may be removed if assigned from a transcript if the student withdrew due to discriminatory treatment or retaliation for alleged discriminatory treatment.

**Late Withdrawal**

The academic record of a student who remains in class beyond the time periods set forth above must reflect an authorized symbol other than “W.” However, after the end of the fourteenth week (or after the 75% period of instruction for a course less than semester length) withdrawal may be authorized in the case of extenuating circumstances. These are defined as verified cases of accident, illness or other circumstances beyond the control of the student. An approved withdrawal, under these conditions, shall be recorded as a “W.” An extenuating circumstance petition may be obtained from the Admissions and Records Office or at the College website: www.canadacollege.edu. (under the “Admissions” tab and selecting “Forms”).

**MW-Military Withdrawal**

Military withdrawal will be authorized when a student who is a member of an active or reserve U.S. Military Service unit receives orders compelling a withdrawal from courses. Upon verification of such orders, a notation of “MW” may be made on the student record. Military withdrawals are not counted in probation or dismissal calculations. Further information may be obtained at the Admissions and Records Office.

**Grade Reports**

After the end of the semester, the final grade report is available to students through Cañada’s web site: www.canadacollege.edu. Students may also make a request to the Admissions and Records Office to have a copy mailed to them.

**Pass/No Pass Grading Option**

Each division of the College may have designated letter grade courses in which a student may elect to receive Pass/No Pass (i.e., Pass/Fail). Grade option courses allow students to explore various fields of study and to broaden their knowledge, particularly in fields outside their major, without jeopardizing their grade point average. Both methods of grading require the student to complete all assignments, exams, and/or class projects.

Students who elect the pass/no pass option are required to choose the P/NP option on WebSMART. This decision is irreversible. See college schedule of classes for deadline.

Courses taken on a pass/no pass basis may or may not be applicable toward fulfillment of the major, the certificate or general education requirements. In addition, four-year colleges and universities vary widely in the number of units of “Pass” grades they will accept. Students should consult the catalog of the college to which they plan to transfer to determine what limitations apply.

The use of courses graded “Pass” to satisfy major or certificate requirements must be approved by the Division Dean, in consultation with members of the Division faculty. A maximum of 12 units toward an associate degree or 6 units toward a certificate may be earned.

Each division of the College may also designate courses in which all students are evaluated on a pass/no pass basis only. “Pass” grades earned in these courses are exempt from the 12/6 unit maximum described in the paragraph above.

**Final Grades and Grade Challenges**

In the absence of mistake, fraud, bad faith, or incompetency, the determination of the student’s grade by the instructor shall be final once it has been filed.
and recorded by the Admissions and Records Office. An earned grade may be changed by the instructor within one year if a clerical error is determined to have been made in calculating the grade. Grades cannot be changed on the basis of a student completing course work after the assignment of the final grade, California Education Code Section 76224.

Students who believe a grade was assigned incorrectly should first attempt to resolve the matter with the instructor; if unsuccessful, they should contact the Division Dean; and, finally, submit a petition to the Vice President of Instruction.

**Scholastic Honors**

Students who qualify for Dean's List status at the end of the fall and spring semesters and summer session will be notified by letter. The student will be honored by the college (College of San Mateo, Cañada College, or Skyline College) from which the majority of the units in any given semester are earned.

Full-time students must complete twelve (12) or more units of letter-graded classes and achieve a term GPA of 3.30 or better in any given semester or summer session.

Part-time students must initially qualify by accumulating twelve (12) or more letter-graded units at a college or colleges within the District. Once qualified, in a subsequent semester the part-time student must enroll in and complete at least six (6) units but no more that eleven and one-half (11.5) units with a term GPA of 3.30 or better in any given semester or summer session.

Once a student has qualified for either the full-time or part-time Dean's List, the student may go back and forth between the full-time and part-time Dean's List status, depending upon the number of units completed in any given semester.

Honors are awarded at graduation (A.A./A.S./A.D.T. degree) as follows, based upon GPA in all degree-applicable courses taken at College of San Mateo, Cañada College and Skyline College, together with GPA of degree-applicable coursework completed at other accredited institutions.

**Grade Point Deficiency**

The Academic Standards Policy is based on a cumulative grade point average of “C,” the minimum standard of progress toward graduation or transfer. All units and grade points are on a cumulative basis. At all times, a student must maintain a cumulative grade point total that is double the total units attempted (“C” average). If a student undertakes 12.5 units in one semester and 15.5 in a second semester, his or her cumulative units are 28, requiring a grade point level of 56. (Example: 56/28=2.00 GPA.)

Any grade point total less than twice the attempted units is regarded as deficient. (Example: 55/28=1.96 GPA) Pass/No Pass courses will not affect a student's grade point deficiency.

**Grade Alleviation**

A student who has received a grade of D, F, or NP in a course may repeat the course twice for purposes of grade alleviation. Upon satisfactory completion of the repeated course (grade A, B, C, or P) the Admissions and Records Office will use the grade of the repeated course in computation of the grade-point average. The original grade will remain on the transcript, but will no longer be computed in the grade-point average. Course repetition completed at the other two colleges of the San Mateo County Community College District will be honored; course repetition involving work completed at a non-district institution may be honored upon request. Students may apply for such consideration to the Admissions and Records Office.

Courses in which the student has received grades of A, A-, B+, B, B-, C+, C, or P are not subject to the provisions of this policy. Under special, educationally justifiable circumstances, repetition of credit courses other than those for which substandard work has been recorded may be permitted. The student must obtain prior written permission from the Extenuating Circumstances Committee before such course repetition will be authorized. Grades awarded for courses repeated under this provision shall not be considered in calculating the student's grade point average and in no case will the unit value of the repeated course be counted more than once.
Academic Renewal Policy

1. Up to 36 semester previously recorded substandard academic performance (grade of “D+”, “D”, “D-”, or “F”) may be disregarded if it is not reflective of a student's demonstrated ability.
   a. A student may file a petition with the Office of Admissions and Records seeking grade alleviation of substandard academic work.
      1. A period of at least one year must have elapsed since the course work to be alleviated was completed.
      2. The student must have completed: 9 units of course work with a 3.5 cumulative grade point average, or 15 units with a 3.0 cumulative grade point average, or 21 units with a 2.5 cumulative grade point average, or 24 units with a 2.0 cumulative grade point average since the course work to be alleviated was completed.
      3. Substandard course work to be alleviated must have been completed at Cañada College, College of San Mateo or Skyline College. However, the course work upon which the application for alleviation is based may be completed at any regionally accredited college or university.
      4. The academic renewal policy may be applied when alleviation of prior course work is necessary to qualify a student for financial aid or admission to a program or transfer to another institution or for completion of a certificate or degree program.
      5. To request Academic Renewal, a student must file a grade alleviation petition to the Office of Admissions and Records.

2. When academic course work is alleviated from the computation of the grade point average, the student's permanent academic record shall be properly annotated in a manner to ensure that all entries are legible, providing a true and complete academic history.
Academic Standards

Academic Standards Policy
Academic standing is based upon all coursework completed in the San Mateo County Community College District (includes Cañada, CSM, and Skyline). The Academic Standards Policy of Cañada College and the San Mateo County Community College District is based on a cumulative grade point average of 2.0 (C), the minimum standard required for graduation or transfer. A grade point average of less than 2.0 is considered deficient.

Grade point average (GPA) is determined by dividing the total number of grade points earned by the total number of letter graded (GPA) units.

Academic standing, including determination of probation or dismissal status, is based upon all coursework completed at Cañada College, College of San Mateo, and Skyline College. Special program academic eligibility requirements for financial aid, athletics and Veteran's Educational Benefits may differ. Students should consult with the specific office for applicable program eligibility requirements.

Units of Work and Credit
A “unit” of college credit usually represents one hour per week of lecture and approximately two hours per week of homework, or 3 hours per week of laboratory for semester-length courses.

Academic Probation, Removal from Probation, and Dismissal
Academic Probation
A student is placed on academic probation using the following criteria:

1. Academic probation based on grade point average:
   A student who has attempted at least 12 semester units, as shown by the official cumulative record, shall be placed on academic probation if the student has earned a grade point average below 2.0 in all units which were graded on the basis of the grading scale (see page 21).

2. Academic probation based on failure to maintain satisfactory progress: A student who has enrolled in a total of at least 12 semester units, as shown by the official cumulative record, shall be placed on academic probation when the percentage of all enrolled units for which entries of W, I, and NP have been recorded reaches or exceeds 50 percent.

The two probationary criteria described above will be applied in such a manner that a student may be placed on probation under either or both systems, and subsequently may be dismissed under either or both systems.

Students who have been on probation for two consecutive semesters will lose their priority registration status.

Beginning Fall 2016, students who have been on probation for two consecutive semesters are in jeopardy of losing their Board of Governor's Fee Waiver (BOGFW).

Removal from Probation
A student placed on academic probation on the basis of grade point average shall be removed from probation when his/her cumulative grade point average is 2.0 or higher.

A student placed on academic probation on the basis of failure to maintain satisfactory progress shall be removed from probation when the percentage of units completed is above 50 percent.

The student is required to meet with a counselor each semester until GPA reaches 2.0, or successful completion of classes reaches over 50%, or both of the above.

Dismissal
A student in probationary status shall be subject to dismissal if in any two subsequent semesters either or both of the following criteria are applicable:

1. The student's cumulative grade point average is less than 1.75 in all units attempted.

2. The cumulative total of units in which the student has been enrolled for which entries of W, I, and NP have been recorded reaches or exceeds 50 percent.

A student in dismissal status must meet with a counselor in the Student Success Program in order to be reinstated to the College and allowed to enroll in classes. The Student Success Program consists of a workshop and meeting with a counselor during the semester. Students in dismissal status may be restricted to a limited number of units. The student must demonstrate academic progress during the semester after reinstatement in order to enroll in subsequent semesters. Students who wish to waive the Student Success Program requirements must receive approval from a counselor or the Dean of Counseling.

Student Notification
If the student is on probation or in dismissed status, he/she will receive notification in writing at the end of the semester.

Examination Credit
Cañada College accepts Advanced Placement (AP), College-Level examination Program (CLEP), International
Baccalaureate (IB) credits, and Credit by examination toward the Associate Degree and California State University General Education (CSU GE), and Intersegmental General Education Transfer Curriculum (IGETC) certification. Students may not use the credits earned from the above examinations to satisfy the unit load requirements for veteran's benefit, athletics eligibility, financial aid eligibility, and graduation residency requirement. See below for the policies and requirement of each type of these exams:

- A maximum of 12 units toward an Associate Degree or 6 units toward a Certificate may be earned for courses for which credit has been earned by examination
- Credits earned by examination cannot be used to satisfy the 12 unit residence requirement for the Associate Degree or Certificate of Completion
- Petitions for credit by exam may be obtained from the Admissions and Records Office

Advanced Placement test (AP) Policy

Cañada College grants credit toward the Associate Degree General Education requirements, California State University General Education (CSU GE), and Intersegmental General Education Transfer Curriculum (IGETC) certification requirements for all College Board Advanced Placement Tests on which a student scores 3 or higher. See AP chart for detail policy in determining the application of AP test scores.

International Baccalaureate (IB) Credit Policy

Cañada College accepts International Baccalaureate (IB) credits toward Associate Degree general education requirements, and CSU GE and IGETC Certification requirements. A score of 5, 6, or 7 is required to receive credit. See IB chart for detail policy in determining the use of the test scores.

College Level Examination Program (CLEP)

Cañada College and California State Universities award credit for the College Level Examination toward General Education. See CLEP chart for detail policy. CLEP cannot be used in IGETC certification. Students transferring to universities other than CSU may follow the policies concerning CLEP credits of those transfer institutions.

To receive credit for AP, IB, or CLEP Exams, students should:

- Submit an official copy of exam results to the Admissions and Record Office
- Request an evaluation through SMCCCD Transcript Evaluation Services, at http://smccd.edu/transeval
- Consult and review the evaluation results with your counselor when planning your course work. Transfer student must also consult with a counselor at the transfer institution

Additional Information on External Examinations (AP, IB, CLEP):

1. The AP, IB, and CLEP charts outline how the results of these exams may apply to General Education requirements.
2. San Mateo Community College District applies AP, IB, and CLEP credit to Associate Degree General Education area requirements in the same manner as the CSU system applies AP, IB, and CLEP credit to CSU GE area requirements.
3. The chart does not provide information about if or how external exam results apply to major course requirements. The application of AP, IB, and CLEP results to university majors and degree requirements is determined by each transfer institution.
   a. At Cañada College, College of San Mateo, and Skyline College, each instructional division determines if or how AP, IB, and/or CLEP credit is applied to associate degree major or certificate requirements.
4. Students who have earned credit through AP, IB, and/or CLEP should not take a comparable college course because credit will not be granted for both the external examination and the comparable college course.
5. Each AP exam may be applied to one CSU GE breadth/IGETC area as satisfying one course requirement with the exception of Language other than English (LOTE). Space does not permit discussion of how AP credit is granted for every university and program. Students are advised to thoroughly investigate AP credit as it relates to a University.

Notes:

- Beginning in fall 2013, when students request the TES evaluation, the results will appear on Web SMART Degree Works Audit
- The TES evaluation applies external exam results to GENERAL EDUCATION AREA REQUIREMENTS ONLY
- Visit TES web site, http://smccd.edu/transeval, for more information about the application of external exams and the unit values applied to general education areas, admission units generated by external exams, and other information and restrictions
- Students must meet with a counselor to review and evaluate the results of these external exams to ensure they plan their education path correctly. However, it is students' responsibility to thoroughly research this information
Credit by Examination (CBE) - Internal

Students may opt to receive credit by examination by demonstrating their knowledge in the subject. The examination must have been approved or prepared, administered and graded by faculty and other designated authorities of Cañada College.

The steps to receive credit by examination are:

1. A student must receive written certification from the Admissions and Records Office indicating that the following criteria have been met: a) the student is registered at Cañada and in good standing, with a GPA of 2.0 or better, and b) the student can demonstrate that he/she is qualified, through previous training or instruction, to successfully complete such examination.

2. The Division Dean, in consultation with faculty, will make the decision whether to offer the exam based upon the availability of a faculty member to administer the exam, and an assessment of the student's readiness to take the exam.

3. A letter grade or Pass/No Pass grade will be assigned upon completion of credit by examination and the student's academic record shall be clearly annotated to reflect that credit has been earned by examination.

Notes:

- Only courses which transfer to four-year baccalaureate granting institutions are available for credit by exam
- All 800 level courses, occupational program courses except for certain courses, laboratory-based science courses, and Cooperative education courses are not available for credit by exam
- A student may challenge a course for credit by examination only once
- A maximum of 12 units toward an Associate Degree or 6 units toward a Certificate may be earned for courses for which credit has been earned by examination
- Credits earned by examination cannot be used to satisfy the 12 unit residence requirement for the Associate Degree or Certificate of Completion
- Petitions for credit by exam may be obtained from the college web-site - canadacollege.edu, or the Admissions and Records Office

Prerequisites, Corequisites, and Recommended Preparation

The Board of Trustees of the San Mateo County Community College District allows colleges to establish Prerequisites, Corequisites, and recommended preparation for courses and educational programs. Prerequisites and Corequisites must be determined to be necessary and appropriate and must be established in line with Title 5 regulations in the California Administrative Code.

A prerequisite is a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or program. Prerequisites are so designated in course descriptions in this Catalog. A prerequisite course must be completed successfully before enrolling in a course which follows. Successful completion is defined as earning a grade of "C" or better.

A corequisite is a course that a student is required to take simultaneously in order to enroll in another course. Corequisites are so designated in course descriptions in this Catalog.

Basic Skills Advisories or recommended preparation for a course or program is a condition that a student is advised, but not required, to meet before or in conjunction with enrollment. Advisories are designated as “recommended” in course descriptions in this Catalog.

This designation recommends the minimum level needed in reading, writing, and/or mathematics (or any other knowledge and/or skill) to be successful in the course.

Basic skill levels are recommended rather than mandatory, but students are strongly encouraged to adhere to them and follow the advice of their counselor. Counselors use placement test results and other information to determine whether a student needs to raise his/her skill levels before enrolling in a target course.

Some courses are designated as Open Curriculum (OC) courses. This designation means that specific levels of reading, writing and/or math are not required for successful course completion. Most OC designated courses are activity courses which do not require students to use reading, writing, and/or math skills. Some OC designated courses are entry level reading, writing, and/or math courses. Specific levels of proficiency for enrollment in these courses are not designated because students may begin at their current instructional levels and proceed to higher levels of performance until they reach exit levels for course completion. Some of these courses such as READ 826, ENGL 826, ENGL 827, and MATH 811 may require that placement test results and other information be on file prior to the first day of class.

How Can Students Meet Prerequisite Requirements?

There are several ways for students to meet prerequisite requirements.

1. Students may take the prerequisite courses.
2. Students may clear prerequisite/s for math and/or English courses by achieving the appropriate level on the Cañada College Assessment Test.
3. Students may clear prerequisites by successfully completing the Credit by Examination process.
4. Students can complete the prerequisite course or an equivalent course at another accredited
college or university in the United States. This equivalency must be approved by a counselor at Cañada College.

5. Students may clear prerequisites through International Baccalaureate (IB) and/or by achieving the appropriate level score on the College Board Advanced Placement Examinations AP and/or the College Level Examination Program (CLEP). The use of AP Tests as prerequisites must be approved by a counselor at Cañada College. See AP, IB and CLEP charts of this catalog.

Prerequisite Checking and Enrollment Blocks

The San Mateo County Community College District enforces all prerequisite and corequisite requirements. Most prerequisites are subject to computerized prerequisite checking and students who have not met the prerequisites are blocked from enrolling in the course. Students will be dropped from a course for not meeting the prerequisite requirements.

How Can Prerequisites and Corequisites Be Challenged?

Prerequisites and Corequisites may be challenged. Students who wish to challenge a prerequisite or corequisite course must complete a “Prerequisite Challenge Petition”. To file a petition, the completed Prerequisite Challenge Petition, a letter justifying the challenge, and all documentation (transcripts, samples or work, letters) must be submitted to the Admissions and Records Office. Students will be notified of the results of the petition within 5 working days. If denied, an appeal to the decision may be made through the Office of the Vice President of Student Services.

A petition to challenge a prerequisite or corequisite must be submitted prior to the first day of the term, and must be based on one of the following grounds.

1. The prerequisite or corequisite is not established in accordance with district policies or Title 5 regulations.
2. The student has the knowledge and ability to succeed in the course despite not meeting the course prerequisite.
3. The student is subject to undue delay in goal attainment because the prerequisite or corequisite has not been made reasonably available.
4. The prerequisite or corequisite is unlawfully discriminatory or applied in an unlawfully discriminatory manner.

The “Prerequisite Challenge Petition” is available on the Cañada College WEB Site at www.canadacollege.edu/forms, and in the Counseling or Admissions and Records Office, Building 9, first floor.

Transcripts

SMCCCD has enlisted the help of Credentials Solutions to manage student records. Credentials Solutions will now provide transcript order, printing, and delivery service. Their TranscriptPlus feature will allow students to request transcripts at any time, on any day of the week.

On behalf of SMCCCD, Credentials Solutions will have the authority to fulfill all electronic transcript requests and respond to related inquiries. All PDF transcripts produced through the electronic transcript process are identical to paper transcripts. These PDFs can be certified as unaltered by visiting the website provided during the delivery process.

Official transcripts will be sent to employers, colleges and other institutions upon a student submitting an online transcript request via WebSMART. Most requests are generally processed within one business day from date received. Courses taken at Cañada College, CSM, and/or Skyline appear on the college transcript and transfer courses evaluated through TES. Transcripts from high schools and other colleges will not be forwarded. The first two transcripts requested within SMCCCD are free. Each additional transcript costs $5.00. Official transcripts given directly to the student may be opened only by the receiving institution.

Incoming Transcripts

Currently enrolled students who wish to have their academic records from other accredited institutions within the United States evaluated by the Admissions and Records Office and have those units placed on their permanent record at Cañada College may do so by requesting their official transcript to be sent directly to the Admissions and Records Office. SMCCCD accepts coursework from colleges and universities with accreditation from the following:

- MSA: Middle States Association of Colleges and Schools, Commission on Higher Education
- NASC: Northwest Association of Schools and Colleges
- NWCCU: Northwest Commission on Colleges and Universities
- NCA-HLC: North Central Association of Colleges and Schools, Higher Learning Commission

Upper-division credits completed at a four-year college or university will not be accepted or counted toward an AA/
AS Degree or Certificate at Cañada College. Lower division coursework completed at a college or university outside the United States will be considered for inclusion on a transfer student's record at Cañada College only after the transcript from the foreign institution has been evaluated by an approved agency which is able to provide a translation of the transcript, and a detailed report which includes subject breakdown, grades, upper or lower division, semester or quarter and number of units completed. Students should contact the Admissions and Records Office for the names of approved agencies. All lower division degree applicable coursework will be used to calculate the student's Grade Point Average.

All transcripts received by Cañada College become the property of the college and may not be returned to the student or sender.

**Transcript Evaluation and Course Substitution Service (TES)**

Students are required to use the transcript evaluation service to determine how course work from other colleges/universities can be incorporated into their transfer planning.

The Transcript Evaluation Service is available to students who are currently registered in 6 or more units in the San Mateo County Community College District. A transcript evaluation provides important information to the student and counselor about how course work completed at other colleges and universities will be applied to the following educational goals.

1. California State University General Education Certification - CSU GE
2. Intersegmental General Education Transfer Curriculum - IGETC Certification
3. Cañada College Associate Degree General Education requirements
4. Cañada College Major or Certificate requirements

Detailed instructions for students on how to use this service can be found online at: canadacollege.edu/forms

**Transferring within the District**

The San Mateo County Community College District Board of Trustees has adopted Board Policy 6.26, which provides for reciprocity of course credit among the District's three colleges for purposes of meeting graduation requirements.

1. Students may transfer from one College within the District to another without penalty, although differences in curriculum offerings among the Colleges may exist.
2. Individual courses students have taken at a particular College within the District that satisfy an area in the general education pattern, elective, statutory, and/or specific area requirements at one District College shall be accepted by the other District Colleges as satisfying those same requirements.
3. Students who have completed an entire General Education pattern, electives, residency, competency, statutory and specific area requirements, at one District College shall be determined to have completely fulfilled all area requirements for graduation or certificate programs at any of the District Colleges. Upon transferring to another District College, students shall be required to complete only those courses applicable toward their major for the Associate Degree or Certificate Program.
4. District students who transfer to another College within the District shall receive full transfer credit for instruction completed in their major field but, in order to graduate, they shall be expected to meet the major-field graduation requirements established by the College to which they have transferred.
5. Students who have taken course work at more than one of the District's Colleges shall ordinarily be recommended for graduation by the College in which they have taken the majority of their course work. Students who have completed the majority of their course work at a college outside the District must complete a minimum of 12 units and a minimum of 50% of the total units required for the major at one or more of the District Colleges in order to be recommended for graduation with the Associate Degree or completion of a Certificate Program.

**Honor Society - Phi Theta Kappa**

Cañada College is affiliated with Phi Theta Kappa, the international honor society of the two-year college, which recognizes the scholarly achievements of over 1.5 million students throughout all 50 states, U.S. territories, Canada, and Germany. Student Rights and Records

All members of the San Mateo County Community College District community share the responsibility for preserving the freedom to learn. The College's policies and procedures are designed to safeguard this freedom. Students attending any college in the San Mateo county Community College District will have full access to the rules and regulations under which these colleges operate and will be assured an impartial hearing in instances when a regulation allegedly is violated.

Privacy Rights of Students

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. These rights include the following:

1. The right to inspect and review the Student's education records within 45 days of the day the College receives a request for access. Students should submit to the Registrar, a written request that identifies the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the record(s) may be inspected.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the Registrar for the record they want changed, and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right of a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA.

The Act provides that the College may release certain types of “Directory Information” unless the student submits a request in writing to the Admissions and Records Office that certain or all such information not be released without his/her consent. Currently enrolled students may request that “Directory Information” be withheld by notifying the Admissions and Records Office in writing each term or semester. Such requests must be submitted within two weeks after the first day of instruction.

“Directory Information” at the College includes: (1) student's name, (2) participation in recognized activities and sports, (3) dates of enrollment, (4) degrees and awards received, and (5) height and weight of members of athletic teams.

5. The Statement of Grievance must be filed whether or not the student has already initiated efforts at informal resolution, if the student wishes the grievance to become official.

Step 2. Review of Grievance

• The grievant is a student which includes applicants and former students;
• The grievant is personally and directly affected by the alleged grievance;
• The grievance was filed in a timely manner;
• The grievance is not clearly frivolous, clearly without foundation, or clearly filed for purposes of harassment.
• For a grade grievance, the grade given to a student shall be the grade determined by the instructor. In the absence of mistake, fraud, bad faith or incompetency (according to Education Code 76224) the grade issued by the instructor may not be changed. For the specific steps for filing grade grievances, contact the Vice President, Instruction.

Step 3. Grievance Hearing Process
If hearing is to be conducted, a Grievance Committee, consisting of a faculty member, staff member, and student will review the grievance. Each party to the grievance may call witnesses and introduce oral and written testimony relevant to the issues of the matter. A recommendation is made and student notified.

Step 4. Appeal to the President
The student may appeal to the President within five working days after receipt of the decision. A student may appeal of there is: 1) new information, or 2) due process was not followed.

Step 5. Appeal to the Chancellor
The student may appeal, in writing, to the Chancellor-within five days after receipt of the decision of the President. The Chancellor-, or his/ her designee, shall provide the student with a hearing, if requested, and shall review the appeal. A written notice of the decision of the Chancellor-Superintendent shall be provided to the student within five days of the review of the student’s written appeal.

The Board of Trustees shall provide the student with a hearing, if requested, and shall review the appeal. A written notice of the decision of the Board shall be mailed to the student and to appropriate staff members, within twenty days following the review. The decision of the Board of Trustees is final.

Grade Grievances
Informal Resolution of Grade Grievances
1. Any student who has a grievance shall make reasonable effort to try to resolve the matter on an informal basis prior to pursuing a formal grievance, which includes a hearing, and shall attempt to solve the problem directly with the instructor. The student may bring a person of his/ her choosing who is an observer only to meet with the instructor.
2. If the grade grievance is not resolved informally with the instructor, the appropriate division dean will review the student’s grievance and obtain information from the instructor.
3. In attempting to resolve the grade grievance at the informal level, the student should be prepared to provide a written statement to the division dean to include the following information:
   a. A statement describing the nature of the problem and the action which the student desires taken.
   b. A statement of the steps initiated by the student to resolve the problem by informal means.
   c. A description of the general and specific grounds on which the grievance is based. In the absence of mistake, fraud, bad faith or incompetency, the grade issued by the instructor may not be changed.
4. A written notice of the division dean's decision shall be provided to the student within 20 days of the student's meeting with the division dean or as soon as the division dean has completed his/her investigation.
**Formal Process for Grade Grievances**

In the absence of mistake, fraud, bad faith or incompetency (according to Education Code 76224) the grade issued by the instructor may not be changed. **Student Disciplinary Process**

All students in the three San Mateo County Community College District colleges – Cañada College, College of San Mateo and Skyline – are expected to follow the Student Code of Conduct. If you have been charged with a violation of this Code, then you will be required to follow the colleges’ student disciplinary process. The process is outlined in the following steps. More complete information is included in SMCCCD Procedure 7.69.1.
Step 1. Incident Occurs and is Reported
A potential violation of the Student Code of Conduct is reported to the Disciplinary Officer. A fact-finding investigation is conducted to determine whether to pursue an Administrative Hearing or Student Disciplinary Hearing.

Step 2. Administrative Conference and/or Conduct Hearing is Held
- Administrative Conference: The Disciplinary Officer will schedule a meeting with the student and let the individual know of the charges and the basis for them.
- Student Conduct Hearing: A notice of the hearing will be sent with the date, time, and place of the conduct hearing and a statement of the charges against the student. The Conduct Board shall include: one student, one faculty member and one staff member. The Conduct Board will submit a recommendation to the Disciplinary Officer regarding the student's responsibility for violations of the Code of Conduct.

Step 3. Disciplinary Action(s) Recommended to Vice President, Student Services (VPSS)
The VPSS will review the recommendations from the Conduct Board. The recommendations include: 1) if student is responsible for violating the Student Code of Conduct, and 2) if responsible, the recommended sanctions.

Step 4. Written Decision Provided to Student
The student will receive a written notification of the decision.

A student may appeal the decision if there is: 1) new information or 2) due process was not followed. Such appeals shall be in writing and shall be delivered to the Office of the College President. If there is no new information or due process violations, there are no grounds for appeal and the decision stands.

Step 6. Appeal to the Chancellor
If the student chooses to appeal the President's decision, it must be done within five working days of the delivery of the notice. A student may appeal only if there is: 1) new information or 2) due process was not followed.

Step 7. Appeal to the Board of Trustees
If the student chooses to appeal the Chancellor's decision, it must be done within five working days of the delivery of the notice. A student may appeal if there is: 1) new information or 2) due process was not followed.

I. General Disciplinary Actions
1. Decisions regarding the following types of disciplinary action are the responsibility of the Vice President, Student Services. Unless the immediate application of disciplinary action is essential, such action will not be taken until the student has had an opportunity to utilize the established appeal procedures found in Procedure, 7.73.1.

   e. DISCIPLINARY PROBATION – The Vice President, Student Services or his/her designee may place a student on disciplinary probation for a period not to exceed one semester. Repetition of the same action or other violations of District/College
rules and regulations during the probationary period may be cause for suspension or expulsion. Disciplinary probation may include one or both of the following:

1. Removal from any or all College organizations or offices; and/or
2. of privileges of participating in any or all College or student sponsored activities.

f. RESTITUTION – The Vice President, Student Services may require a student to reimburse the District for damage or misappropriation of property. Restitution may take the form of appropriate service to repair or otherwise compensate for damages.

2. Disciplinary action shall not of itself jeopardize a student's grades nor will the record of such action be maintained in the student's academic files.

3. A student subject to disciplinary action has a right to appeal the decision in accordance with Procedure, 7.73.1.

   b. Disciplinary suspension is a temporary termination of student status and includes exclusion from classes, privileges, or activities for a specified period of time as stipulated in the written notice of suspension.

2. The chief executive officer of the college or his/her designee may suspend a student, as deemed appropriate, for any of the following time periods:

5. A student under suspension at any District College may not enroll in any other District College during the period of suspension.

6. The chief executive officer of the College shall report all suspensions of students to the Chancellor-Superintendent.

7. If the suspended student is a minor, the parent or guardian shall be notified in writing by the chief executive officer of the College or his/her designee.

8. Expulsion of a student is the indefinite termination of student status and all attending rights and privileges. Expulsion of a student is accomplished by action of the Board of Trustees on recommendation of the college President and the Chancellor-Superintendent. An expelled student shall not be allowed to register in any subsequent semester without the approval of the College President.
   a. The College President shall forward to the Chancellor-Superintendent a letter of recommendation for expulsion which includes a brief statement of charges and a confidential statement of background and evidence relating to the charge(s).
   b. The Chancellor-Superintendent shall review the recommendation for expulsion with the Office of County Counsel.
c. The Chancellor-Superintendent, as Secretary for the Board, shall forward a letter to the student by certified mail advising him/her of the charges and of the intention of the Board to hold a closed session to consider his/her expulsion. Unless the student requests a public hearing in writing at least 48 hours prior to the scheduled hearing, the hearing shall be conducted in a closed session.

d. The student is entitled to be present during presentation of the case and may be accompanied by a representative. If the student chooses to be represented by an attorney, the student must so notify the Chancellor-Superintendent no later than five working days prior to the hearing. The student has the right to examine any materials upon which charges against him/her are based, and shall be given the opportunity to present his/her evidence refuting the charges to the Board. The student or his/her representative may cross-examine any witness. The district bears the burden of proof.

e. The report of final action taken by the Board in public session shall be made a part of the public record and forwarded to the student. Other documents and materials shall be regarded as confidential and will be made public only if the student requests a public hearing.
Campus Assembly Guidelines

1. Any public meeting, demonstration, or rally on campus will be governed by the regulations of Cañada College as to time, place, and manner.
2. Students have the full right to express their views on any matter, subject to college regulations in regard to time, place, and manner.
3. Disruptive behavior is defined as any action which interferes with the functions or activities of the College to the point where such functions or activities can no longer effectively continue. Examples of such functions or activities are classroom activities, athletic events, administrative activities, approved assemblies, meetings and programs, and construction work. Examples of disruptive activities are blocking access to college facilities, disrupting classroom activities to the point where the instructor, in his/her opinion, is no longer able to continue the class, heckling an assembly speaker so that the speaker cannot continue talking, and unauthorized use of sound equipment.
4. In the event of disruptive behavior, the President of the College or his/her representative will make every effort to restore order within the context of the Cañada College community itself. Should disruptive activity continue, the administration may suspend those individuals continuing to engage in disruptive behavior. The administration of the College may take whatever steps are necessary to restore order, including requests for aid from appropriate law enforcement agencies.
5. Violent behavior will be defined as any action that results in physical harm to persons or property or an overt and public threat of harm.
6. In case of violence, the President or his/her delegated representative, may request immediate and appropriate action by law enforcement authorities.
7. In the case of extreme violation of the rule(s), a student may face expulsion by action of the Board of Trustees on recommendation of the College President and the Chancellor-Superintendent. Procedures in this instance are provided for in the District Rules and Regulations, as adopted by the Board of Trustees.

Academic Integrity Policy

As members of the college community, students at Cañada are expected to demonstrate integrity in all academic endeavors. Students are evaluated on their own merits, so they should protect academic integrity at Cañada College and be proud of their achievements.

General principles of academic integrity include the concept of respect for the intellectual property of others, the expectation that individual work will be submitted unless otherwise allowed by an instructor, and the obligations both to protect one’s own academic work from misuse by others and to avoid using another’s work as one’s own. Faculty, with the full support of the College, have the right to take standards of academic integrity into account when assigning grades. All students are expected to understand and abide by these principles.

Any act which gains or is intended to gain an unfair academic advantage or which compromises the integrity of the academic standards of the college may be considered an act of academic dishonesty.

Forms of Academic Dishonesty:

Violations or attempted violations of academic integrity include, but are not limited to: cheating, fabrication, plagiarism, multiple submissions, or facilitating academic dishonesty. Please note that culpability is not diminished when academic dishonesty occurs in drafts which are not the final version. Also, if the student receives any type of assistance or disability accommodations in the preparation or submission of materials, the student is expected to proofread the results and is responsible for all particulars of the submission.

Cheating

Failure to observe the expressed procedures of an academic exercise, including but not limited to:

- communicating with fellow students during an exam,
- copying material from another student’s exam,
- allowing another student to copy from an exam,
- allowing another person to take a quiz, exam, or similar evaluation in lieu of the enrolled student
- using unauthorized materials, information, or study aids (e.g., textbook, notes, data, images, formula list, dictionary, calculator, etc.) in any academic exercise or exam
- unauthorized collaboration in providing or requesting assistance, such as sharing information on an academic exercise or exam
- unauthorized use of another person’s data in completing a computer exercise
- using computer and word processing systems to gain access to, alter and/or use unauthorized information
- altering a graded exam or assignment and requesting that it be regraded -- submission of altered work after grading shall be considered academically dishonest, including but not limited to changing
answers after an exam or assignment has been returned or submitting another’s exam as one’s own to gain credit
• attempting to hinder the work of another student

Fabrication
Falsification or invention of any information in an academic exercise, including but not limited to:
• altering data to support research
• presenting results from research that was not performed-submitting material for lab assignments, class projects or other assignments which is wholly or partially falsified, invented or otherwise does not represent work accomplished or undertaken by the student
• crediting source material that was not used for research
• falsification, alteration or misrepresentation of official or unofficial records or documents including but not limited to academic transcripts, academic documentation, letters of recommendation, and admissions applications or related documents

Plagiarism
The presentation of another's words, images or ideas as if they were the student's own, including but not limited to:
• the submission of material, whether in part or whole, authored by another person or source (e.g., the internet, book, journal, etc.), whether that material is paraphrased, translated or copied in verbatim or near-verbatim form without properly acknowledging the source (i.e. all sources of information must be cited in work submitted for a grade)
• the submission of material edited, in part or whole, by another person that results in the loss of the student's original voice or ideas (i.e. while an editor or tutor may advise a student, the final work submitted must be the work of the student, not that of the editor or tutor)
• translating all or any part of material from another language and presenting it as if it were student's own original work
• unauthorized transfer and use of another person's computer file as the student's own
• unauthorized use of another person's data in completing a computer exercise

Multiple Submissions
Resubmission of a work that has already received credit with identical or similar content in another course without consent of the present instructor or submission of work with identical or similar content in concurrent courses without consent of all instructors.

Facilitating Academic Dishonesty
Assisting another to commit an act of academic dishonesty, including but not limited to:
• taking a quiz, exam, or similar evaluation in place of another person
• allowing one student to copy from another
• attending a course posing as another student who is officially registered for that course
• providing material or other information (e.g., a solution to homework, a project or other assignments, a copy of an exam, exam key or any test information) to another student with knowledge that such assistance could be used in any of the violations stated above.
• distribution or use of notes or recordings based on college classes without the express permission of the instructor for purposes other than individual or group study. This includes, but is not limited to, providing materials for distribution by services publishing class notes. This restriction on unauthorized use applies to all information distributed or in any way displayed for use in relationship to the class, whether obtained in class, via email, on the Internet or via any other media.

Consequences of Academic Dishonesty
Disciplinary sanctions may be applied in cases of academic dishonesty. Depending on the seriousness of the infraction, a student may:
• Receive a failing grade on the test, paper, or examination.

Under the District standards of Disciplinary Sanctions, the student may be subject to:
• A Warning: An instructor may give written or verbal notice to a student that continuation or repetition of specified conduct may be cause for further disciplinary action.
• Temporary Exclusion From An Activity Or Class: An instructor may remove a student who is in violation of the guidelines for student conduct for the duration of the class period or activity during which the violation took place and, if necessary, for the day following. The instructor shall immediately report such removal to the college chief executive officer or his/her designee for appropriate action.
• Censure: The Vice President, Student Services may verbally reprimand a student or may place on record a written statement which details how a student's conduct violates District or College regulations. The student receiving such a verbal or written statement shall be notified that such continued conduct or
further violation of District/College rules may result in
further disciplinary action.

- Disciplinary Probation: The Vice President, Student Services or his/her designee may place a student on disciplinary probation for a period not to exceed one semester. Repetition of the same action or other violations of District/College rules and regulations during the probationary period may be cause for suspension or expulsion. Disciplinary probation may include one or both of the following: a. Removal from any or all College organization or offices; or b. Denial of privileges of participation in any or all College or student sponsored events.

- Disciplinary Suspension: The termination of student status for a definite period of time. A suspended student may not be present on campus and is denied College privileges including class attendance and all other student body or College granted privileges. Refer to Suspension Policy for details.

- Expulsion: A permanent termination of student status and all attending rights and privileges. Expulsion of a student is accomplished by action of the Board of Trustees on recommendation of the college chief executive officer and the Chancellor. An expelled student shall not be allowed to register in any subsequent semester without the approval of the chief executive office of the College. Refer to Expulsion Policy or details.

- If a sanction entails any action greater than a written or verbal notice, the instructor must submit a Notice of Student Violation of the Cañada College Academic Integrity Policy to the Vice President, Student Services for review and appropriate follow up. This form will identify the infraction and the sanction, and should be signed by both the student and instructor.

- If a student receives any of these sanctions, he/she must first address his/her concerns with the instructor. If the student believes that the instructors’ decision is unfair, the student may appeal the decision to the Vice President of Student Services in accordance with the Student Discipline Policy and Appeals Process.

- The Vice President of Student Services maintains a record of students who have engaged in academic dishonesty. This information is used to identify and discipline students who have been reported for academic dishonesty more than once, and may be shared with other faculty in whose classes the student is enrolled.

- Any record of academic dishonesty will be maintained in the Vice President of Student Services’ records for a period of two years at which time, barring further infractions, it will be permanently removed.

### Attendance Regulations

Regular attendance in class and laboratory sessions is an obligation assumed by each student at the time of his/her registration. When a student fails to attend class, he/she misses the content of the session, and course continuity is lessened. When failure to attend class places a student’s success in jeopardy, the instructor may drop the student from the class.

Total hours of absence which exceed twice the number of hours a class meets in a week define “excessive absence” as used by many instructors in dropping students for nonattendance. Instructors may, however, utilize stricter attendance requirements.

Absence due to participation in college-sponsored activities may be considered excused when the student informs and receives permission from the instructor in advance of the absence and makes up all work missed.

A student dropped from any class for nonattendance may appeal in writing to the Division Dean within five College calendar days of such a drop if the student thinks the absences should be excused, and reinstatement in class can be justified. Students may, with the permission of the instructor, remain in class while their appeal is being reviewed. A recommendation regarding the appeal will be forwarded to the instructor whose decision is final.

### Policy of Non-discrimination

Cañada College is committed to equal opportunity regardless of age, gender, marital status, disability, race, color, sexual orientation, religion, national origin, or other similar factors, for admission to the College, enrollment in classes, student services, financial aid, and employment in accordance with the provisions of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972 (45CFR 86), Section 504 of the Rehabilitation Act of 1973 (P.L. 93-112), and the Americans with Disabilities Act of 1990.

It is important that students, staff, and all others associated with the College understand the importance of reporting concerns about possible violations of this policy. The College’s commitment to equal opportunity demands full investigation of possible violations and an opportunity for a fair and impartial hearing on any matter relating to these laws and policies.

Any person seeking information concerning these laws and policies or claiming grievance because of alleged violations of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990 should contact the Vice President of Student Services.

All grievances will be reviewed in terms of Title VI and Title IX law, and persons involved will be advised of the provisions of the law and their legal rights. If
normal channels are not available or fail to meet legal requirements, the necessary action will be initiated.

Inquiries regarding Federal laws and regulations concerning nondiscrimination in education or the District's compliance with those provisions may also be directed to:

**Office for Civil Rights**

**Policy on Americans with Disabilities Act**

The purpose of the Americans with Disabilities Act (ADA), PL 101-336, is to extend to people with disabilities civil rights similar to those now available on the basis of race, color, national origin, sex and religion through the Civil Rights Act of 1964. It prohibits discrimination on the basis of disability in private sector employment, services rendered by state and local governments, places of public accommodation, transportation, and telecommunications relay services. The ADA says that no covered entity shall discriminate against a qualified individual with a disability because of the disability of such individual in regard to job application procedures; the hiring, advancement, or discharge of employees; employee compensation; job training; and other terms, conditions, and privileges of employment.

Major employment provisions of the ADA require equal opportunity in selection, testing, and hiring of qualified applicants with disabilities (applicants with disabilities may request that special accommodations be made in order to complete these processes); equal treatment in promotion and benefits; reasonable accommodation for applicants and workers with disabilities when such accommodations would not impose “undue hardship”; and prohibits discrimination against workers with disabilities. (This provision is similar to the Civil Rights Act of 1964 and Title V of the Rehabilitation Act of 1973).

Employers may require that an individual not pose a direct threat to the health and safety of others; may not make pre-employment inquiries about an applicant's disability or conduct pre-employment medical exams; and may conduct a test for illegal drug use and prohibit all workplace use of illegal drugs and alcohol.

If you need further information or if there are any problems or complaints on campus regarding compliance, please contact the Vice President of Student Services.

**Sexual Assault Prevention Policy and Sexual Harassment Policy**

**Policy on Sexual Assault Education and Prevention**

In accordance with California Education Code, Section 67382 and Board Policy 2.29, the San Mateo County Community College District is committed to providing programs and services that educate all students, faculty, and staff on the prevention of sexual assault. In partnership with various community agencies, individuals who are victims of sexual assault or have concerns related to sexual assault shall receive support and assistance. Students, faculty, and staff who need information or assistance related to sexual assault prevention, sexual assault services, and procedures related to the reporting of sexual assault incidents on campus may contact the Health Center at (650) 306-3309 or the Security Department at (650) 306-3420.

**Policy on Sexual Harassment**

Pursuant to California Code of Regulations Title 5, Section 59300 et seq., it is the policy of San Mateo County Community College District and Cañada College to prohibit, in any and all forms, the sexual harassment of its students and staff. Sexual harassment of students by other students or staff, and/or the harassment of staff by students, is considered intolerable behavior that will be investigated and acted upon immediately.

Students or staff seeking further information concerning this policy or claiming grievance because of alleged violation of this policy should contact the Vice President of Student Services to file a written grievance.

**Policy on Smoking**

It is the policy of San Mateo County Community College District to provide a safe learning and working environment for both students and employees. It is recognized that smoke from cigarettes, e-cigarettes, pipes and/or cigars is hazardous to health; therefore, it is the intent of the District to provide a smoke-free environment to the greatest extent possible. To achieve this goal, smoking at Cañada College will be limited to parking lots only, with the exception of Parking Lot 4.

1. Smoking is prohibited on campus except in parking lots, not including Parking Lot 4.
2. Cañada managers are responsible for publicizing the policy to students, employees and visitors, and are responsible for the posting of signs. Notification about the policy on smoking will be included in employee and student publications, newsletters and in other written materials as appropriate. In addition, materials which are used to publicize District public events will include policy notification to the general public.
To assist in the implementation of this policy, the District will provide education and training in the areas of smoking dangers and smoking cessation. Contact the Cañada Health Center at (650) 306-3309 for more information.

It is the responsibility of all students and employees to observe the policy and guidelines on smoking. Failure to comply with the policy on smoking will be treated in the same manner as other violations of District Rules and Regulations and may result in disciplinary action.

It is the responsibility of College and Cañada managers to enforce the policy on smoking. Disputes over the interpretation of the policy or complaints about individuals violating the policy should be brought to the attention of the person’s supervisor, the Vice-President of Student Services at the College level, or the Vice-Chancellor of Human Resources and Employee Relations in the District Office. When the evidence is non-persuasive on either side, such disputes will be settled in favor of the nonsmoker(s) in recognition of the policy of the District to provide a smoke-free environment. Such disputes shall be settled at the lowest management level.

This policy does not supersede more restrictive policies which may be in force in compliance with State or Federal regulations.

Policy on a Drug-Free Campus

The San Mateo County Community College District and Cañada College, in compliance with the Federal Drug-Free Schools and Communities Act Amendments of 1989, prohibits the use, possession, sale or distribution of alcohol, narcotics, dangerous or illegal drugs or other controlled substances, as defined in California statutes, on District or College property, or at any function sponsored by the District or College. Students are expected to conduct themselves as responsible citizens and in a manner compatible with the community college function as an educational institution. Students are subject to civil authority and to all District and College rules and regulations.

Students found to be in violation of the drug-free campus policy by manufacturing, distributing, dispensing, possessing, or using controlled substances, as defined in California statutes, on any District property will be subject to disciplinary procedures up to and including possible cancellation of registration.

Persons seeking further information concerning this policy or the health risks and effects associated with alcohol and narcotics or other dangerous or illegal drugs, should contact the College Health Center.

In addition to, and concurrently with, the filing of a written grievance, a student has the right to file a complaint or charges with other appropriate governmental agencies such as the Equal Opportunity Commission, the Office for Civil Rights, the Department of Fair Employment and Housing, the Chancellor’s Office of the California Community Colleges, or State or Federal court.

Financial Aid
Building 9, 1st Floor
Phone: (650) 306-3307
Web: canadacollege.edu/financialaid
Email: canadafinancialaid@smccd.edu

The Cañada College Financial Aid Office administers many types of financial assistance including federal and state programs as well as scholarships from the SMCCC Foundation and private sources to help students meet their educational costs.

Most financial aid awards are made on the basis of financial need. A student's financial need is determined by deducting the student's expected family contribution (EFC) from the cost of attendance (COA). To qualify for most financial aid, students must demonstrate financial need while maintaining academic progress. Financial aid awards are intended to assist students in meeting their annual educational expenses such as tuition and fees, books and supplies, room and board, transportation and other personal expenses and educational costs.

Financial aid awards may consist of grants, waivers and/or scholarships (funds which generally do not have to be repaid), loans (low interest loans which require little or no payment while a student is attending college on at least a half-time basis), work-study employment (money which a student earns through work either on or off-campus) or a combination of these sources.

Federal Assistance: The major federal financial assistance programs administered by the Cañada Financial Aid Office include the Pell Grant, a grant for moderate to low income students; the FSEOG (Federal Supplemental Education Opportunity Grant), a grant drawn on a limited college allocation for students demonstrating the greatest need who meet the priority deadline; Federal Work-Study (FWS) which is need-based employment; and, the Subsidized and Unsubsidized Direct Loan (DL) programs. Students must apply for all federal assistance programs using the Free Application for Federal Student Aid (FAFSA) www.fafsa.gov and meet all federal eligibility requirements.

Federal Pell Grant funds have a lifetime eligibility of the equivalent of six (6) fulltime years or 600%. Fulltime students who take more than six years to complete their baccalaureate degree will run out of eligibility before they graduate. It is important that students determine early an educational goal and major, develop and follow an approved educational plan and limit major changes or they risk losing Pell Grant eligibility before completing their program.

State Assistance: The major state financial assistance programs administered through the Cañada Financial Aid Office include the Board of Governor Fee Waiver (BOGFW) which waives the enrollment fee for California residents and those meeting AB540 eligibility; the Cal Grant, which is a direct grant payment for California residents and, depending on the type of Cal Grant, those meeting AB540 eligibility. Cal Grants require grade point average (GPA) verification and meeting established income and asset ceilings. Eligibility is determined after submission of GPA and the Free Application for Federal Student Aid (FAFSA) or California Dream Application by state deadlines (March 2nd and September 2nd award cycles). Foster Youth may be eligible for the Chafee Grant and other grant assistance and should contact the Financial Aid Office for further assistance in completing the necessary forms to receive aid.

Recent legislation (AB 801) also provides additional support services along with BOGFW eligibility to Homeless Youth. Students experiencing homelessness are encouraged to meet with SparkPoint and financial aid staff to determine what kinds of services and supports are available to them as college students and in the community.

AB540 students are eligible for state financial assistance programs including the BOGFW, Cal Grant Entitlement Programs and services through EOPS and other programs and are advised to submit the California Dream Application unless they meet federal aid eligibility in which case they should use the FAFSA.

Student who enroll fulltime (12 or more units) and receive a Cal Grant are also eligible for a Full-time Incentive Grant (FTSSG). Additionally the State of California recently approved funding for a new Community College Completion Grant which provides additional funds for students who receive the Cal Grant and FTSSG who enroll in 15 or more units per term and stay on track to complete their educational program within the specified time frame outlined on their comprehensive student educational plan.
STUDENT SERVICES AND SPECIAL PROGRAMS

form or Dependency Override Request form to explain circumstances that the financial aid application material does not capture which impacts your ability to attend college. Students may submit an Unusual Circumstance

It is also recognized that there may be unusual circumstances that the financial aid application material does not capture which impacts your ability to attend college. Students may submit an Unusual Circumstance form or Dependency Override Request form to explain those situations to be considered in reviewing their financial aid eligibility. Additional documentation is required.

For detailed information regarding specific assistance programs, students should contact the Financial Aid Office, Building 9-109.

Federal Regulation: Return of Title IV Funds

A student who receives Federal grant and/or Direct Loan funds and withdraws from all classes prior to completing more than 60% of the semester, will be required to pay back a portion of the grant funds to the federal government. Students who owe Return of Title IV funds are ineligible to receive additional federal financial assistance from any college or university until satisfactory repayment arrangements have been made. Students receiving federal financial aid who plan to withdraw should notify the Admissions and Records Office and Financial Aid Office immediately.

Federal Regulation: Satisfactory Academic Progress

All students must maintain Satisfactory Academic Progress (SAP) toward a degree, certificate or transfer program of study in order to establish or renew eligibility for participation in all federal financial aid programs and state programs under the umbrella of the California Student Aid Commission (i.e. Cal Grants, Chafee Grant, etc.). The Higher Education Act requires institutions to establish academic progress standards that contain qualitative (GPA) and quantitative (Pace) measurements of progress and also requires a maximum time frame for completion of the program. SAP is assessed after every term once final grades are processed. Students must maintain both a cumulative grade point average of at least 2.0 on a 4.0 scale and a 67% Pace Rate (percent of courses completed towards educational goal) for all attempted units. Failure to maintain either standard will result in the student being placed on financial aid warning. Failure to regain minimum SAP requirements in the subsequent enrollment period will result in disqualification from financial aid. Students have the right to appeal. Documentation of an extenuating circumstance is required. Students whose appeals are approved are then placed on financial aid probation and must meet the terms of the appeal to remain eligible for continued financial assistance.

Students must also complete their eligible program within 150% of its published program length. For students pursing an AA/AS or transfer, the approved maximum time frame is 90 attempted units (Example: 60 units for AA/AS x 150% = 90 units). For eligible certificate programs of at least 16 units, the maximum time frame is 150% of the required units for the certificate (Example: 24 unit Early Childhood Education Certificate x 150% = 36 units). Students who exceed the maximum time frame or are determined prior to reaching the maximum units to be unable to complete their program within the maximum time frame will be disqualified from aid. Students have the right to appeal.

BOGFW Academic Standards: A student who fails to meet the minimum academic and progress standards of the institution for two consecutive semesters (fall and spring, excludes summer) will lose eligibility for the BOGFW. The minimum academic standards are a 2.0 cumulative GPA and a completion rate of more than 50% of all attempted units. Students who become ineligible for the BOGFW are encouraged to seek out campus support services to help them regain good academic standing. To appeal, complete the “Loss of Priority Registration and/or BOG Fee Waiver Petition” (www.canadacollege.edu/forms). Completed appeal petitions need to be turned into the Admissions & Records Office.

Eligibility

Eligibility depends upon the program of application. For example, the BOGFW program is available to students who have been classified as residents of California or AB540 eligible by the Admissions and Records Office and meet specific program eligibility. The Federal Pell and SEOG Grants require financial need be demonstrated by the Free Application for Federal Student Aid (FAFSA). A student must either be a U.S. citizen or in one of a group of categories known as eligible non-citizen (including permanent resident, resident alien, refugee, or asylee). Direct Loans require FAFSA filing; subsidized loans are need-based and unsubsidized loans are not need-based. All loans are subject to annual and aggregate borrower loan limits.

150% Subsidized Loan Limit: A new or first-time borrower is no longer eligible to receive additional Direct Subsidized Loans if the period during which the borrower has received such loans meets or exceeds 150 percent of the published length of the program in which the borrower is currently enrolled. These borrowers may still receive Direct Unsubsidized Loans for which they are otherwise eligible. As the criteria to qualify for the different financial aid programs can vary widely, all students who have a financial need are strongly encouraged to apply.

In a number of cases, students may qualify for more than one program to assist them with their college attendance costs. Apply early and annually as some programs have limited funds for those students who meet program eligibility and apply early. Please review the extensive material available (in English or Spanish) in the Financial Aid Office or on the College website at http://canadacollege.edu/financialaid and http://smccd.edu/financialaid, Federal Student Aid at www.fafsa.ed.gov and the California Student Aid Commission at http://www.csac.ca.gov or https://dream.csac.ca.gov for specific information on the Dream Application.

It is also recognized that there may be unusual circumstances that the financial aid application material does not capture which impacts your ability to attend college. Students may submit an Unusual Circumstance form or Dependency Override Request form to explain those situations to be considered in reviewing their financial aid eligibility. Additional documentation is required.

Students have the right to appeal.
Federal Regulation: Ability to Benefit (ATB)

Federal legislation effective on or after July 1, 2012 limits the provisions by which a person who does not have the equivalent of a high school diploma may receive federal financial aid. The equivalent to a high school diploma includes passing the GED or California High School Proficiency Exam (CHSPE), homeschooling and the completion of a two year post-secondary program that is fully transferable to a baccalaureate program (an AA/AS degree). Those without the equivalent of a high school diploma are not eligible for federal financial aid except under the following conditions; (1) prior to July 1, 2012, they were enrolled in an eligible program as defined by the Department of Education and have previously met one of the ATB provisions below; or (2) they can demonstrate enrollment prior to July 1, 2012 in an eligible program and subsequently fulfill one of the ATB provisions below.

ATB may be established by the following:

- Satisfactory completion of 6.0 units of degree-applicable college coursework acceptable for college credit at Cañada College, or Achieving a passing score on an approved assessment referred to as an Ability to Benefit test.

- Students without the equivalent of a high school diploma or who are ineligible to demonstrate Ability to Benefit may not receive any federal financial aid from any college/university. There is no appeal to this statutory requirement.

For GED testing information, interested persons should call the unified school district in their areas. In the local area, the GED is offered through the Sequoia Union High School District Adult School, (650) 306-8866. Students who are still attending high school are not eligible for federal financial aid regardless if they demonstrate Ability to Benefit as they must also be regularly admitted college students.

Other Resources

Limited funds are available for short term loans through the Dean’s Emergency Loan fund and EOPS Emergency Loan Fund. These loans are generally paid back within 30 days and during the same semester the funds were released. Alternative student loans (private loans) are not advised. In general, the Financial Aid Office will not certify an alternative student loan. If you are considering an alternative student loan, please discuss this with the Director to learn about state and federal financial assistance options.

Textbook Rentals & Loans – The Cañada College Bookstore provides a rental option for many of its textbooks which can save students hundreds of dollars each year as compared to new and used textbook costs. Please consider renting your textbooks whenever possible. Additionally, the Learning Center and the Library both maintain an extensive collection of textbooks for students to borrow on loan for a short-term basis (hourly and overnight).

Scholarships – Cañada College offers scholarships to new, continuing and transferring students each year through its annual scholarship program. The application period runs from November to March, see canadacollege.edu/financialaid/scholarship.php for detailed information. Funding for most Cañada Scholarships comes from the San Mateo County Community Colleges Foundation. Founded in 1966, the Foundation raises funds for scholarships as well as educational programs at the District’s three colleges. Contributions to the foundation are received from many sources: individuals, businesses, civic groups, community organizations, and other foundations. The mission of the Foundation is to promote student success and nourish program innovation and excellence by providing special financial support for the District’s colleges. For more information about the Foundation, please visit www.smcccfoundation.org.

The Cañada Middle College High School Program is joint partnership between the Sequoia Union High School District and Cañada College. Middle College High School is designed to reach high potential, underachieving high school students who want a head start on college. Students complete requirements for their high school diploma and earn college units towards an AA/AS degree, and transfer requirements at the same time. All classes are taught on the Cañada College Campus.

Approximately 90 juniors and seniors from the Sequoia Union High School District attendance area are accepted into the program each Fall. Three high school courses are required per semester. Juniors take United States History and English III. Seniors take English IV and one semester each of Economics and American Government. All students take Life Communications, which is a study skills/college success and personal development course. The remaining courses are offered through Cañada College and are taught by Cañada College professors. These courses are selected to fulfill the credits and requirements for high school graduation. Students must satisfy the graduation requirements of the Sequoia Union High School District and will earn a diploma from their home high school. Students must be enrolled in at least three Cañada College courses, totaling a minimum of seven units. These courses give high school credit and college units simultaneously. If the course is designated transferable, the units may apply towards a four-year college or university degree.

The Middle College program pays for tuition and textbooks for up through 11 units which could save families thousands of dollars. Students receive guidance in every aspect of high school and college life; they find they are better prepared for the college atmosphere and life after high school. Through this unique program, students have the opportunity to explore new challenges that they cannot attain in a traditional high school.

**Transfer Center**

**Building 9, 1st Floor, Room 122 and 142**  
**Phone:** (650) 306-3493  
**Web:** canadacollege.edu/transfercenter  
**Email:** cantransctr@smccd.edu

**Office Hours:** By Appointment. The Transfer Center's mission is to provide transfer information and services to students in order for them to make informative decisions about their transfer goals, to provide services and opportunities that ease their transitions to a four year university, and empowering them to successfully reach their transfer goals.

Students attending Cañada College may complete lower division course requirements, in the major and general education, in preparation for four-year universities. After completing the course requirements, students may use the credits earned and transfer as a junior to a California State University, a University of California, a Private university in-state, or any institution out of state.

The Transfer Center provides guidance to students with their transfer choices. Some of the services provided by the Transfer Center are: Counseling that provides information and guidance to students in the selection of a major or university, and courses that will lead them to a higher level of education. The Transfer Center coordinates the visits of individual colleges and universities throughout the semester, and coordinates a college fair that hosts representatives from Universities throughout the United States. The Transfer Center also offers a variety of workshops related to the transfer process and planning, and field trips to local universities that familiarize students with those institutions. Another opportunity offered by the Transfer Center is the UC Transfer Admission Guarantee (TAG) and other admission agreements with private and out-of-state universities.

**Transfer Requirements for CSU and UC Campuses:**

Colleges and universities have admission requirements specific to the campus and the programs, but in general, to transfer with a junior status, students must complete 60 transferable units that may include:

- Lower Division courses in preparation for the major
- General Education (GE):
  - CSU General Education Breadth –a GE pattern toward California State Universities (CSU)
  - Intersegmental General Education Transfer Curriculum (IGETC), a GE pattern toward University of California (UC), or California State Universities
  - Electives–any transferable courses in addition to major and GE courses to meet the 60 unit requirements

**Note:** Students, who are transferring to CSU or UC and complete one of the above GE patterns, may provide a verification of completion of lower division GE courses. To do so, they need to request an official transcript including a full or partial certification of GE courses via WEBSMART. Students, who do not file for certification, must follow the local GE pattern at CSU and UC Campuses.

Some of the California private universities may also accept IGETC in lieu of their local GE requirements. For more information, please meet with a counselor and/or visit the university’s website.

**Transfer Admission Guarantee (TAG) to University of California**

The Transfer Admission Guarantee allows students to sign a contract with participant universities to ensure their admission. To be eligible for a Transfer Admission Guarantee, students must have successfully completed a minimum of 30 transferable units and meet the university’s admission requirements for specific programs. Students must meet with a Counselor to discuss the transfer option during the first year of attendance. The universities that offer guaranteed admission to students at Cañada College are:

- UC Davis
- UC Irvine
- UC Merced
- UC Riverside
- UC Santa Barbara
- UC Santa Cruz

**Associate Degree for Transfer (ADT)**

In accordance with the new initiative, Senate Bill 1440, Cañada College currently offers multiple Transfer Degrees, for the AA-T/AS-T. Students who are interested in transferring to California State Universities (CSU) may benefit from completing one of these degrees when applying to CSU campuses. It is crucial for students to contact a counselor and/or the Transfer Center to discuss and plan for this degree as soon as they select their major.

See page 77 for more information and a list of current ADT degrees offerings at Cañada College. More information about the SB1440 and Transfer Degree is available at adegreewithaguarantee.com.

Muchos de los cursos del colegio comunitario tienen requisitos y/o corequisitos. Los estudiantes que querrían registrarse por un curso de inglés, inglés como segunda lengua, matemáticas, o cualquier otro curso que tiene un requisito de inglés o matemáticas deben de tomar las pruebas de aptitud de Cañada College.

La decisión final del ingreso de cualquier estudiante es de Cañada College. Los cursos disponibles a los estudiantes de preparatoria bajo este programa no suplantan ni eliminan cualquier curso en el horario de la preparatoria de los estudiantes. Se requiere que los estudiantes llenen los requisitos necesarios para los cursos.

Los estudiantes que participan en Conexión al Colegio Comunitario/College Connection recibirán crédito universitario para toda su tarea de curso que cumplen con éxito. Los estudiantes pueden pedir que un expediente de matriculación, la cuota de salud, y la cuota de representación estudiantil sea enviado al registrador de su preparatoria para ser considerada por crédito para la graduación de la preparatoria.

Los resultados de la prueba de aptitud en matemáticas son válidos por dos años. No hay una fecha de remate para los resultados de la prueba de aptitud en inglés.

Los estudiantes tienen 2 opciones para cumplir un requisito de prueba:
• Se puede tomar las pruebas de aptitud el mismo día después de cumplir la Orientación del Colegio Comunitario, o;
• Escoger una fecha del Horario de Pruebas de Aptitud y hacer una cita por llamar al Centro de Bienvenidos (‘Welcome Center’) a: (650) 306-3452. (NB: esta opción requiere que los estudiantes escojan una fecha diferente para cumplir la Orientación del Colegio Comunitario.)

El estudiante está automáticamente EXENTO de tomar las Pruebas de Aptitud y puede empezar el Paso #4 directamente si es parte de una de las siguientes categorías:
• Ha tomado las Pruebas de Aptitud en Cañada College, Skyline College, o College of San Mateo.
• Es estudiante antiguo o un estudiante de transfer nuevo de otro colegio comunitario o universidad que es acreditado en los Estados Unidos y ha cumplido cursos en matemáticas y/o inglés con una nota de ‘C’ o más alta. (NB: Para cualquier resultado que no le pone en un curso transferible, hay que tomar la prueba de aptitud COMPASS para esas secciones.)
• Los estudiantes con resultados acreditados de inglés son elegibles de tomar English 100.
• Los estudiantes con resultados acreditados de matemáticas son elegibles de tomar Math 125, 130, 140, 200, o 241.

Los estudiantes nuevos recibirán sus citas de inscripción en cuanto hayan cumplido la Orientación del Colegio Comunitario, las Pruebas de Aptitud, y la cita de Asesoría. Hay que usar WebSMART para inscribirse en los cursos. La información completa sobre las fechas de inscripción y los procedimientos están disponibles en el Horario de Cursos para el Colegio Comunitario.

Después de que se haya inscrito y pagado los cursos, el estudiante es inscrito oficialmente en Cañada College. • El progreso hacia sus ámbitos educativos.
• Para desarrollar y actualizar su Plan Educativo Estudiantil (‘Student Educational Plan, SEP’).
• Para aprender de los servicios estudiantiles importantes que mejoren éxito estudiantil.

Matriculación de Prioridad
La matriculación de prioridad le da la oportunidad de registrarse temprano para cursos a grupos específicos de estudiantes. Por lo general, se les da prioridad a los grupos basado en el mantenimiento actual de sus Planes Educativos Estudiantiles, la finalización del Proceso para Éxito Estudiantil, y un número total de unidades dentro del Distrito.

Para recibir una fecha de matriculación de prioridad, los estudiantes deben estar en ‘estatus bueno’. El estado define ‘estatus bueno’ como estudiantes que no están en peligro académico o de progreso (por dos semestres consecutivos) o en despido. Si Usted está en peligro por dos semestres consecutivos o en despido, no recibirá una fecha de matriculación de prioridad. Podrá registrarse después de que sea completado el proceso de matriculación de prioridad. Para apelar contra la pérdida de matriculación de prioridad, favor de completar la "Petición de Pérdida de Matriculación de Prioridad y/o la Renuncia de Pago BOG" ("Loss of Priority Registration and/or BOG Fee Waiver Petition"). Las peticiones completadas deben ser entregado a la Oficina de Admisiones y Registros.

Es requerido que los estudiantes paguen las cuotas de inscripción al momento de inscripción, o que tengan otros fuentes (asistencia financiera, una Beca de la Junta de Gobernadores (‘Board of Governors’ Fee Waiver’ o BOGFW), una tercera persona que paga las cuotas, o un Plan de Pagos). Los estudiantes serán cancelados continuamente por falta de pago. Véanse el sitio de Internet para la información más actual sobre las fechas límites de cuotas. Los estudiantes no serán permitidos de inscribirse con un saldo.

Véanse las secciones adicionales sobre Estacionamiento/ Parking en este catálogo.

Hay varios servicios de apoyo y actividades estudiantiles en que se puede participar. Véanse las secciones de Student Services y Special Programs ("Servicios Estudiantiles y Programas Especiales") en este catálogo. Los estudiantes con una discapacidad que necesitan asistencia con cualquiera parte del proceso de matriculación deben contactar el Disabilities Resource Center (‘Centro de Recursos para los Discapacitados’) a (650) 306-3490; TDD: (650) 306-3161.

Regulaciones sobre Repetición de Curso de SMCCD

Definición de Repetición de Curso

Una 'repetición de curso' ocurre cuando un estudiante toma un curso y recibe un símbolo evaluativo o no-evaluativo para el curso (i.e. A, A-, B+, B, B-, C+, C, D+, D, D-, F, W, P/ NP, CR/NC, RD, I) y querría registrarse en el mismo curso. La repetición de curso incluye los componentes siguientes (Título 5, Sección 55040)

Repetición de Curso para Mitigar Tarea Deficiente

Un estudiante quien ha sacado una nota deficiente (D+, D, D-, F, NP, NC) puede repetir el curso para mejorar la nota. Un estudiante puede tomar el curso un máximo de tres veces. Para mitigar tarea deficiente, un 'intento de curso' ocurre cuando un estudiante recibe un símbolo evaluativo o no-evaluativo para el curso (D+, D, D-, o F o W o NP/NC). Todos los intentos de curso del registro académico del estudiante cuentan a esta limitación de matriculación. La primera o la primera y la segunda nota y unidades deficientes son exentas cuando se computa el GPA del estudiante. La nota y las unidades por el tercer o último intento son incluidas en el GPA del estudiante. (Título 5 Sección 55042)

Repetición de Curso como Resultado de una Retirada

Una ‘W’ (una retirada) cuenta como un intento de curso. Un estudiante puede tomar un curso un máximo de tres veces. Todos los intentos del registro académico del estudiante cuentan a esta limitación de matriculación.

Un estudiante que gana una nota satisfactoria es prohibido de tomar el mismo curso de nuevo a menos que aplique una de las siguientes seis excepciones:

Falta Significante de Tiempo – Un estudiante puede registrarse por un intento adicional si ya completó el curso con éxito y una falta de tiempo significante de más de 36 meses ya pasó desde que el estudiante recibió una nota en el curso Y el Distrito ya estableció un requisito de cumplimiento reciente para el curso o una institución de educación alta adonde el estudiante querría transferirse ya estableció un requisito de cumplimiento reciente que aplica al curso. (Ejemplo: Biología 250 fue completado con una nota de C en Otroño de 2011. En Otroño de 2013 el estudiante se prepara para llenar una solicitud al programa de enfermería que requiere que se cumpla Biología 250 en los tres años precedentes. El estudiante es elegible repetir el curso en la Primavera de 2014 con documentación del requisito de cumplimiento reciente.) La nota y las unidades del primer cumplimiento del curso no serán contadas en la computación del GPA. (Título 5 Sección 55043)

Circunstancias Atenuantes – Un estudiante puede registrarse por sólo un intento adicional si existen circunstancias atenuantes documentadas que coinciden con las fechas del intento anterior del curso. Unos ejemplos de circunstancias atenuantes son un desastre natural, accidente, enfermedad, u otra experiencia extraordinaria documentable fuera del control del estudiante.

Estudiantes con Discapacidades que Repiten un Curso Especial – Un estudiante con una discapacidad verificable puede repetir un curso especial para estudiantes con discapacidades cualquier número de veces basado en logar progreso en el curso y una determinación individual que tal repetición es requerida como una acomodación de discapacidad para el estudiante. (Título 5 Sección 55040)

Curso Bajo Mandato Legal – Un estudiante puede repetir un curso que es determinado ser bajo mandato legal y requerido por estatuto o regulación como una condición de empleo o licencia pagada o de voluntario. Es necesario que el estudiante provea prueba que el curso sea bajo mandato legal o que los estándares de licencia requieran una repetición de curso. Tales cursos pueden ser repetidos por crédito sin límites de intentos. (Título 5 Sección 55000)

Experiencia de Trabajo Ocupacional – Un estudiante puede registrarse a un máximo de 16 unidades de crédito en educación de experiencia de trabajo cooperativo.
**Cursos Relacionados en Contenido**

**Intentos de Curso dentro de Género de Tema –** La política del Distrito limita la matriculación de estudiantes en cursos que son cursos participativos activos en educación física/kinésiología, y las artes interpretativas o visuales. Por eso, los colegios comunitarios ya establecieron ‘géneros’ de actividades educativas similares. Los cursos de actividad de kinesiología y algunas artes interpretativas o visuales tienen establecidos ‘géneros’ y son sujetos a limitaciones de matriculación. Aunque no se pueda repetir un curso, un estudiante puede tomar hasta un máximo de cuatro cursos en un ‘género’ de tema. Algunos géneros de tema ofrecen más de cuatro cursos, pero un estudiante puede registrarse en un máximo de cuatro cursos dentro de un género de tema. Todos los intentos de curso en el registro académico del estudiante cuentan a esta limitación de matriculación dentro de un ‘género’ de cursos. Esta limitación aplica también, aunque el estudiante reciba una nota deficiente o un ‘W’ (una retirada). Las limitaciones de matriculación son monitorizadas por todo el distrito en un ‘género’ de tema. Los estudiantes nuevos reciben consejos de registrarse en el nivel básico de un género de tema y ser puestos en otro nivel por el instructor cuando les dé una prueba de aptitud. Los estudiantes antiguos quienes ya cumplieron un curso dentro el género deben tomar el próximo nivel. Para una lista de ‘géneros’ de Kinesiología y Baile, favor de leer el Catálogo del Colegio bajo Course Descriptions/Kinesiology. (Título 5 Sección 55040)

**Cursos que Se Puede Repetir – Tres Tipos de Cursos Pueden Ser Repetidos**

Estos cursos son identificados como cursos que se puede repetir en el catálogo del colegio. (Título 5 Sección 55041)

**Atléticos Inter-universitarios** – Los cursos en que los atletas estudiantiles se registran para participar en un deporte organizado y patronado por el Distrito, o un curso de entrenamiento el cual apoya el deporte organizado competitivo pueden ser designados como unos que se puede repetir.

**Competición Vocacional o Académica Interuniversitaria** – Los cursos que son específicamente para participación en eventos competitivos no-atléticos entre estudiantes de universidades y colegios comunitarios pueden ser designados como cursos que se puede repetir. El curso debe ser conectado a la participación del estudiante en la competición. El evento debe ser autorizado por un órgano rector formal universitario o de negocios.

**Requisito de CSU o UC por Cumplimiento de un Bachillerato** – La repetición del curso es requerido por CSU o UC por cumplimiento del bachillerato. Los cursos son limitados a cuatro intentos y esta limitación de matriculación aplica, aunque el estudiante reciba una nota deficiente o un ‘W’ (una retirada). (Título 5 Sección 55041)

**Asistencia Financiera**

**Edificio 9, Primera Planta**

**Teléfono:** (650) 306-3307

**Sitio web:** canadacollege.edu/financialaid

**Email:** canadafinancialaid@smccd.edu

La oficina de asistencia financiera administra varios tipos de asistencia financiera, incluso programas federales y estatales, además de becas de la Fundación SMCCCD y fuentes privados para ayudar a los estudiantes con sus gastos académicos.

Se otorga la mayoría de las becas de asistencia financiera basado en necesidad financiera. Se determina la necesidad financiera de un estudiante por deducir la contribución esperada de la familia del estudiante (EFC) del costo de asistir (COA). Para recibir la mayoría de la asistencia financiera, los estudiantes deben de demostrar necesidad financiera mientras que mantengan logros académicos. Las becas de asistencia financiera son para ayudar a los estudiantes en cobrar los gastos educativos anuales, por ejemplo, la matrícula y las cuotas, los libros y las materias, alojamiento y comida, transporte, y otros gastos personales y educativos.

Las becas de asistencia financiera pueden consistir en becas y exoneraciones (fondos que no se necesita devolver), préstamos (de interés bajo, los cuales en general no se necesita devolver mientras que un estudiante asista a la universidad por lo menos de medio-tiempo), y programas de trabajo estudiantil (el dinero que un estudiante gana por su trabajo en o fuera de campus), o una combinación de estas fuentes.

**Asistencia Financiera:** Los programas principales de asistencia financiera que son administrados por la Oficina de Asistencia Financiera de Cañada College incluyen los fondos del Pell Grant, que es un tipo de beca para estudiantes de ingresos bajos-a-medios; el FSEOG (“Federal Supplemental Education Opportunity Grant”), una beca que viene de un reparto limitado del colegio comunitario para los estudiantes que demuestran la mayor necesidad y que cumplen con la fecha límite de prioridad; Estudio-Trabajo Federal (“Federal Work Study,” o FWS), el cual es empleo basado en necesidad; y los programas de Préstamos Directos Subvencionados y No-subvencionados (DL). Los estudiantes deben de llenar una solicitud por todos los programas de asistencias financieras usando la Federal Application for Federal Student Aid (FAFSA), www.fafsa.gov, y cumplir con los requisitos elegibilidad federal.

Los fondos del Pell Grant tienen una elegibilidad de vida en la equivalencia de 6 años de tiempo completo o 600%. A los estudiantes de tiempo completo quienes estudian más de 6 años para completar su bachillerato se les acabará la elegibilidad antes de que se gradúen. Es importante que los estudiantes decidan temprano un ámbito educativo y una especialización, desarrollen y sigan un plan educativo y limiten los cambios de especialización, o arriesgarán la

conocidas como no-ciudadano elegible (incluso residente estadounidense o en uno de un grupo de categorías por la FAFSA. Un estudiante debe ser un ciudadano del programa. Para las Becas de Pell (federal) y SEOG se requiere que el estudiante entregue una FAFSA; para los préstamos subvencionados todo es basado en necesidad financiera, mientras para los no-subvencionados nada es basado en necesidad financiera. Todos los préstamos son sujetos a límites de préstamo anuales y agregados para el que pide el préstamo.

Límite de Préstamo Subvencionado de 150%: Un prestatario nuevo o que pide un préstamo por primera vez ya no es elegible de recibir Préstamos Subvencionados Directos adicionales si el período durante lo cual el prestatario ha recibido tales préstamos está o excede 150% de la duración publicado del programa en que el prestatario está matriculado en ese momento. Estos prestatarios podrán recibir Préstamos No-Subvencionados Directos, por los cuales son elegibles.

Como los criterios de clasificarse por programas diferentes de asistencia financiera puedan variar drásticamente, cada estudiante quienes tienen necesidades financieras deben de solicitar ayuda.

En unos casos, los estudiantes podrán clasificarse por más que un programa para ayudarlos con sus costos universitarios. Favor de solicitar temprano y cada año, porque algunos programas tienen fondos limitados para esos estudiantes que estén elegibles para el programa y que entreguen sus solicitudes temprano. Favor de leer la materia amplia disponible (en inglés y en español) que hay en la Oficina de Asistencia Financiera o en el sitio web de Cañada College a http://canadacollege.edu/financialaid y http://smccd.edu/financialaid, en el sitio web de Asistencia Estudiantil Federal (“Federal Student Aid”) en www.fafsa.ed.gov, y la Comisión de Asistencia Estudiantil de California (“California Student Aid Commission”) a http://www.csac.ca.gov o https://dream.csac.ca.gov para más información específica sobre la Solicitud de Dream.

Se reconoce también que podría haber circunstancias no comunes que la información de solicitudes para asistencia financiera no cubra, las cuales afectarán la posibilidad de asistir a un colegio comunitario. Estos estudiantes podrán entregar un formulario de Circunstancias No Comunes (“Unusual Circumstance”) o una Solicitud de Anular Dependencia (“Dependency Override Request”) para explicar estas situaciones para ser consideradas en la evaluación de elegibilidad de asistencia financiera. Se requiere documentación adicional. Para más información detallada sobre programas específicas de asistencia, favor de dirigirse a la Oficina de Asistencia Financiera, Edificio 9, Salón 109.

Reglamento Federal: Regreso de Fondos de “Title IV”

Si el estudiante que recibe asistencia financiera y/o fondos de Préstamos Directos, y deja las clases antes de completar más del 60% del semestre, tendrá que devolver cierta

cantidad del dinero otorgado al gobierno federal. Los estudiantes que deben fondos de Regreso de Fondos de Title IV son inlegibles de recibir asistencia financiera federal adicional de ninguna universidad hasta que hayan sido hechos los preparativos de repago satisfactorios. Los estudiantes quienes reciben asistencia financiera federal y quienes piensan en quitar de clases deben notar la Oficina de Admisiones y Registros y la Oficina de Asistencia Financiera.

Reglamento Federal: Progreso Académico Satisfactorio

Cada estudiante debe mantener Progreso Académico Satisfactorio (SAP) con respecto a un título, certificado, o programa de transferencia de estudios para establecer o renovar elegibilidad de participación en todos los programas federales de asistencia financiera y esos programas que están al amparo de la Comisión de Asistencia Estudiantil de California (i.e Cal Grants, Chafee Grant, etc.). La Emenda de Educación Avanzada ("Higher Education Act") requiere que las instituciones establezcan estándares de progreso académico que contengan medidas cualitativas (el promedio de calificaciones) y cuantitativas (finalización) de progreso, y también requiere un periodo máximo para completar el programa. Se mide SAP después de cada término cuando las notas finales estén procesadas. Cada estudiante debe mantener un promedio de calificaciones de 2.0 en una escala de 4.0, Y una Tasa de Finalización (porcentaje de cursos completados para un logro académico) de 67% para todas las unidades intentadas. Una falta de mantener cualquier estándar se resultará en que el estudiante estará en peligro de asistencia financiera. Una falta de mejorar hasta los requisitos mínimos de SAP en el periodo subsecuente de matriculación se resultará en una descalificación de asistencia financiera. Cada estudiante tiene el derecho de apelar. Se requiere documentación de una circunstancia atenuantes. Cada estudiante que recibe aprobación de apelación está puesto en un período de prueba con respecto a la asistencia financiera, y debe satisfacer los términos de la apelación para permanecer elegible para asistencia financiera continua.

Los estudiantes deben de completar sus programas académicos elegibles dentro el 150% de su duración de programa publicada. Para esos estudiantes que estudian para un AA/AS o quienes transferirse, el periodo máximo aprobado es 90 unidades intentadas (por ejemplo: 60 unidades para un AA/AS x 150% = 90 unidades). Para los programas de certificado elegibles de 16 unidades o más, el periodo máximo es 150% de las unidades requeridas para el certificado (por ejemplo, el Certificado para la Educación de Niñez Temprano de 24 unidades x 150% = 36 unidades). Esos estudiantes que exceden el periodo máximo o que son determinados antes de llegar a la cantidad máxima de unidades de no poder completar su programa dentro el periodo máximo serán descalificados de recibir asistencia financiera. Esos estudiantes tienen el derecho de apelar la decisión.

Regulación Federal: Habilidad de Beneficiar (“Ability to Benefit, ” o ATB)

Hay legislación federal que se estableció en o después del 1er de julio, 2012, que limite las provisiones por lo cual una persona quien no tiene la equivalencia de un diploma de escuela secundaria podrá recibir asistencia financiera federal. La equivalencia a un diploma de escuela secundaria incluye pasar el GED o el California High School Proficiency Exam (CHSPE), educación de casa y la finalización de un programa después de la secundaria de dos años que sea transferible por completo a un programa de bachillerato (un título de AA/AS). Los que no tienen la equivalencia a un diploma de escuela secundaria no son elegibles de recibir asistencia financiera federal con la excepción de tales condiciones: (1) antes del 1er de julio, 2012, se inscribieron en un programa elegible como es definido por el Departamento de Educación, y que cumplen con una de las provisiones de ATB descritas abajo; o (2) pueden demostrar matriculación antes del 1er de julio, 2012, en un programa elegible y posteriormente satisfacen una de las provisiones de ATB descritas abajo.

Se puede establecer ATB por las siguientes provisiones:

- Finalización satisfactoria de 6.0 unidades de curso universitario que se aplica a un título que sea aceptada como crédito universitario de Cañada College, o
- Sacar una nota aprobatoria en una evaluación aprobada, que se llama el examen Ability to Benefit.

Los estudiantes que no tienen equivalencia a un diploma de escuela secundaria o quienes no son elegibles de demostrar Ability to Benefit no podrán recibir ningún tipo de asistencia financiera federal de ninguna universidad. No se puede apelar esta decisión sobre este requisito reglamentario.

Para más información sobre el examen GED, las personas interesadas deben de llamar el distrito de escuelas secundarias de su área. En el área local, se ofrece el GED por el Sequoia Union High School District Adult School, (650) 306-8866. Los estudiantes que todavía asisten a una escuela secundaria no son elegibles para asistencia financiera federal, a pesar de que demuestren Ability to Benefit, porque necesitan ser admitidos como estudiantes universitarios regulares.

Otros Recursos

Hay fondos limitados que están disponibles como préstamos de corto plazo por el fondo de Préstamo de Emergencia de Decano, y el Fondo de Préstamos de Emergencias de EOPS. Generalmente se devuelve estos préstamos dentro de 30 días, y durante el mismo semestre en que el estudiante reciba los fondos. Los préstamos estudiantiles alternativos (préstamos privados) no se
recomienda. En general, la Oficina de Asistencia Financiera no autorizará un préstamo estudiantil alternativo. Si usted está considerando un préstamo estudiantil alternativo, favor de dirigirse al Director de Asistencia Financiera para saber de otras opciones de asistencia financiera federales y estatales.

Rentales y Préstamos de Libros de Texto: La Librería de Cañada College provee una opción de rentar muchos de sus libros de texto, por lo cual los estudiantes podrán ahorrar cientos de dólares cada año, en comparación a los precios de libros de texto nuevos y usados. Favor de considerar en rentar sus libros de textos cuando sea posible. Además, ambos el Centro de Aprendizaje/Learning Center y la Biblioteca mantienen una colección de libros de texto para los estudiantes si quieren pedirlos al corto plazo (por hora o de una noche).

Las becas: Cañada College les ofrece becas a estudiantes nuevos, continuos, y los que se transfieren cada año por su programa de beca anual. El período de solicitar dura de noviembre hasta febrero; favor de ver canadacollege.edu/financialaid/scholarship.php para más información detallada. Los fondos para la mayoría de las Becas de Cañada College vienen de la San Mateo County Community Colleges Foundation. Fundada en 1966, la Fundación recauda fondos para becas, tanto como para programas educativos en cada uno de los tres colegios comunitarios del Distrito. Se recibe donativos de varias fuentes: individuos, empresas, grupos cívicos, organizaciones comunitarias, y otras fundaciones. La misión del a Fundación es de promover logros estudiantiles y fomentar innovación y excelencia de programa por promover apoyo financiero especial para los colegios comunitarios del Distrito. Para más información sobre la Fundación, favor de ver www.smcccfoundation.org.

Políticas Sobre Cuotas

Descripción de Cuotas

Las cuotas listadas en este catálogo son las que están en efecto al momento de impresión. Las cuotas son sujetas de cambios en cualquier momento por acción de estatuto Federal o Estadal, el Consejo de Gobernadores de los Colegios Comunitarios de California, o el Consejo de Administradores del Distrito de Colegios Comunitarios del Condado de San Mateo. Una lista de cuotas es publicada en el Horario de Cursos cada semestre y es disponible en WebSMART y en este Catálogo en la sección de Fees.

Cuota de Matriculación

Una cuota mandada por el estado de $46 por unidad es pagadero por cada estudiante. Se calcula la cuota de matriculación cada semestre basado en la matriculación combinada del estudiante en Cañada College, Skyline College, y/o College of San Mateo. El Consejo de Gobernadores de los Colegios Comunitarios de California ha establecido un programa de exoneración de cuota para ayudar a los estudiantes en pagar la cuota de matriculación. La información sobre los requisitos de elegibilidad, fechas límites para solicitudes, y solicitudes están en la Oficina de Asistencia Financiera, y en WebSMART bajo "Financial Aid Forms."

**Políticas del Colegio**

**Política de No Discriminación**

Cañada College se compromete a proporcionar a todos los estudiantes, no obstante de edad, género, estatus matrimonio, discapacidad, raza, color de piel, orientación sexual, religión, origen nacional, u otros factores similares, la misma oportunidad de ingresar en el colegio, de matricularse en las clases y de recibir servicios, ayuda financiera y empleo estudiantil, según las disposiciones de las leyes referidas en los siguientes títulos reglamentarios, a saber: Title VI del Civil Rights Act de 1964, Title IX de las Education Amendments of 1972 (45CRF 86), Section 504 del Rehabilitation Act de 1973 (P.L. 93-112), y el Americans with Disabilities Act de 1990.

Es importante que cada estudiante, empleado o individuo asociado con el colegio aprecie la importancia de reportar cualquier caso que parezca ser una infracción de esta política. El compromiso de Cañada College a oportunidades iguales para todos demanda una investigación completa de violaciones posibles, y una oportunidad de tener una vista justa e imparcial sobre cualquier asunto relacionado a estas leyes y políticas.

Cualquier persona que necesite obtener más información sobre estas leyes o esta política o que quiera hacer un reclamo basado en la infracción alegada de los títulos susodichos - Title VI del 1964 Civil Rights Act y Section 504, Rehabilitation Act de 1973 - debe dirigirse a la oficina del Vicepresidente de Servicios Estudiantiles.

Conforme a las leyes en los títulos citados anteriormente, se estudiará cada reclamo y a todas las personas a quienes les conciera se les informará sobre las disposiciones de las leyes y los derechos legales pertinentes. La falta de conocimiento o habilidad con el idioma inglés no será una barrera u obstáculo para poder ser admitido y participar en programas vocacionales educativos.

**ADA-Decreto para Estadounidenses con Discapacidades**

La razón del Decreto para Estadounidenses con Discapacidades (‘Americans with Disabilities Act’), PL 101-336, es extenderle los derechos civiles a la gente con discapacidades que son similares a los que ya están disponibles a toda la gente según raza, color de piel, origen nacional, sexo, y religión por la Emenda de Derechos Civiles (‘Civil Rights Act’) de 1964. Prohíbe la discriminación según la discapacidad en empleo de sector privado, servicios dados por los gobiernos estatales y locales, lugares de acomodación pública, transporte, y servicios de retransmisión de telecomunicación. El ADA dice que ninguna entidad mencionada discriminará contra un individuo acreditado con una discapacidad porque de la discapacidad de tal individuo con respeto a los procedimientos de solicitud de empleo; el contratar, aumentar, o despedir de empleados; compensación de empleado; el entrenamiento de empleados; y otros términos, condiciones, y privilegios de empleo.

Las estipulaciones de empleo más importantes del ADA requieren la oportunidad igual en la selección, el entrenamiento, y el contratar de solicitantes aptos...
con discapacidades (los solicitantes con discapacidades pueden pedir que acomodaciones especiales sean hechas para cumplir estos procesos); el trato igual en aumentos y beneficios; acomodación razonable para solicitantes y empleados con discapacidades cuando tales acomodaciones no impongan ‘privación excesiva’, y prohíbe la discriminación contra los empleados con discapacidades. (Esta estipulación es similar a la Emenda de Derechos Civiles (‘Civil Rights Act’) de 1964 y Title V de la Rehabilitation Act de 1973.)

Los empleadores podrían requerir que un individuo no sea una amenaza directa a la salud y seguridad de toros; no podría hacer preguntas antes de empleo sobre la discapacidad del solicitante o conducir exámenes médicos antes de empleo; y podría conducir un examen por el uso de drogas ilegales y prohibir todo uso de drogas ilegales y alcohol en el lugar de empleo.

Si se necesita más información o si hay cualquier problema o queja en campus sobre cumplimento, favor de contactar el Vice-Presidente de Servicios Estudiantiles.

Política de Educación y Prevención de Agresión Sexual

De acuerdo con el Código de Educación de California, Sección 67382 y Política de Directores 2.29, el Distrito de Colegios Comunitarios para el Condado de San Mateo se compromete de proveer programas y servicios que le enseñan a cada estudiante, profesor, y empleado sobre la prevención de la agresión sexual. Por asociaciones con varias agencias comunitarias, estos individuales quienes son víctimas de agresión sexual, o quienes tienen preocupaciones sobre la agresión sexual, recibirán apoyo y ayuda. Los estudiantes, profesores, y empleados quienes buscan información o ayuda en relación a la prevención de agresión sexual, servicios para la agresión sexual, y procedimientos relacionados al reportaje de eventos de incidentes de agresión sexual en campus deben de dirigirse al Centro de Salud a (650) 306-3309 o el Departamento de Seguridad Pública a (650) 306-3420.

Política de Acoso Sexual

Según el Código de Regulaciones de California, Título 5, Sección 59300 et seq., es la política del Distrito de Colegios Comunitarios del Condado de San Mateo y de Cañada College de prohibir, en cualquiera y todas formas, la agresión sexual de sus estudiantes y sus empleados. El acoso sexual a estudiantes por otros estudiantes o empleados, y/o el acoso sexual a empleados por estudiantes, son consideradas como conducta intolerable en este campus y se investigará inmediatamente.

Los estudiantes o empleados buscando más información correspondiente a esta política o que deseen presentar una queja por una supuesta violación de esta política deben ponerse en contacto con el Vicepresidente de Servicios Estudiantiles para entregar una queja escrita.

Enmienda Adicional

Adicional y concurrentemente al archivarse de una queja escrita, el estudiante tiene el derecho de presentar una demanda o cargos con otras agencias gubernamentales como: la Comisión de Oportunidad de Igualdad (Equal Opportunity Commission), la Oficina de Derechos Civiles (Office of Civil Rights), el Departamento Equitativo de Viviendas y Empleo (Department of Fair Employment and Housing), la Oficina del Canciller de Colegios Comunitarios de California (Chancellor’s Office of the California Community Colleges), o la Corte Estatal o Federal.

Política de No Fumar

Es la política del Distrito de los Colegios Comunitarios del Condado de San Mateo de proveerles un ambiente seguro para aprender y trabajar a ambos estudiantes y empleados. Se reconoce que el humo de cigarrillos, e-cigarrillos, pipas, y/o cigarros amenaza la salud de todos; por eso, es el intento del Distrito de proveer un ambiente libre de humo en gran medida. Para alcanzar este meta, el fumar es limitado a los parques de estacionamiento, pero es prohibido en el parque de estacionamiento número cuatro.

Se prohíbe fumar en campus con la excepción de los parques de estacionamiento, no incluso el Parque de Estacionamiento 4.

Los gerentes de Cañada College son responsables de anunciarles la política a los estudiantes, empleados, y visitantes, y son responsables de publicar los letreros. La notificación sobre la política de fumar será incluida en publicaciones de los empleados y los estudiantes, boletines informativos y otras materias escritas cuando sea apropiado. Además, las materias en las cuales se publica eventos públicos del Distrito incluirán notificación de la política al público general.

Para ayudar la implementación de esta política, el Distrito proveerá educación y entrenamiento sobre el peligro de fumar y la cesación de fumar. Para más información, favor de dirigirse al Centro de Salud de Cañada College, a (650) 306-3309.

Es la responsabilidad de todos los estudiantes y empleados de observar la política y reglas sobre el fumar. La falta de cumplir con la política sobre el fumar será tratado en la misma manera que cualquiera otra violación de las Reglas y Regulaciones del Distrito, y podrá resultar en acción disciplinaria.

Es la responsabilidad del Colegio Comunitario y los gerentes de Cañada College de hacer cumplir la política sobre fumar. Cualquiera disputa sobre la interpretación de la política o quejas sobre individuos que violan la política deben ser llevado a la atención del supervisor de esta persona, o el Vicepresidente de Servicios Estudiantiles al nivel del Colegio Comunitario, o el Vice-Canciller de Recursos Humanos y Relaciones de los Empleados en la Oficina del
Distrito. Cuando la prueba sea no-persuasivo en un lado u otro, tales disputas serán llegado a acuerdo en favor de la/s persona/s que no fuma/n en reconocimiento de la política del Distrito de proveer un ambiente sin humo. Tales disputas serán llegadas a acuerdo al nivel de gerente más bajo.

Esta política no supercede políticas más estrictas, las cuales podrán ser forzosas en cumplimiento con las regulaciones Estatales o Federales.

**Política Para un Colegio Libre de Drogas**

El Distrito de Colegios Comunitarios del Condado de San Mateo y Cañada College, en cumplimiento con las Escuelas Libres de Drogas y las Enmiendas de las Actas Comunitarias de 1989, prohíben el uso, posesión, venta o distribución de alcohol, narcóticos, drogas dañinas o ilegales, u otras substancias reguladas definidas en los estatutos de California, en las propiedades del Distrito o colegio, o en cualquier evento auspiciado por el Distrito o colegio. Los estudiantes deben conducirse como ciudadanos responsables y de una manera compatible con la función del colegio comunitario como una institución educativa. Los estudiantes están sujetos a la autoridad civil y a todas las reglas y regulaciones del Distrito y del colegio.

Los estudiantes que sean encontrados violando las reglas de la política de colegio libre de drogas al manufacturar, distribuir, repartir, poseer, o usar substancias reguladas definidas en los estatutos de California, en cualquier propiedad del Distrito Escolar serán sujetos a medidas disciplinarias que pueden incluir la posible cancelación de la inscripción del estudiante al colegio.

Information on Degrees, Certificates, Basic Skills, and Credits

The Office of Admissions and Records processes all petitions and determines eligibility for the Associate in Arts, Associate in Science Degrees, Associate Degrees for Transfer and Certificates offered at Cañada College prior to the specified deadline. Eligible graduating candidates must file a petition for the appropriate degree and/or certificate according to deadlines published in the Schedule of Classes. (See Calendar of Important Dates on page 3; For specific ADT degree petition deadlines please contact the Transfer Center).

Students who have coursework outside of SMCCCD must arrange for all transcripts to be placed on file with the Office of Admissions and Records and must request the transcript evaluation through the SMCCCD Transcript Evaluation and Course Substitution Services (TES). See page 27 for more information regarding “TES”.

Additional Degrees and Certificates of Achievement

A student may earn multiple Associate degrees and certificates from Cañada College. Only the degrees and certificates that are approved by the state which require 12 or more units of course work will be posted to student's academic record, and will receive diplomas for each degree and certificate of achievement earned.

To earn additional degrees and certificates, any course work used to meet the graduation requirements may count toward more than one degree and certificate. Courses used for one major may be used to meet requirements for additional majors.

Courses used to meet the competency requirements for the first degree may be used to fulfill the requirements for additional degrees, provided the student has maintained “continued attendance” (see the graduation and catalog rights requirements on page 66). If a break in enrollment occurs, a student must comply with the competency, general education, and major course requirements in effect at the time the student resumes attendance or any catalog year thereafter.

Precollegiate Basic Skills Courses

With the exception of English as a Second Language and learning disabled students, no student may receive more than 30 semester units of credit for precollegiate basic skills courses. Students who show significant, measurable progress toward the development of skills appropriate to enrollment in college-level courses may apply to the Dean of Student Services to request a limited waiver of this requirement.

Degree Credit & Non-Degree Credit Courses

The State of California has legislated a series of reforms designed to strengthen the community colleges. One of these reforms mandated a comprehensive review of the standards of instruction in each course in the curriculum. Each course was classified as “degree credit” or “non-degree credit”. A course offered for “non-degree credit” cannot be counted toward certificate completion, graduation or transfer. The following notation is placed at the end of the course description for all non-degree credit courses: “Units do not apply toward the AA/AS degree.”
Information on Course Numbering and Transferable Credit

General Course Information

CREDIT VALUE
The credit value of each course in semester units is indicated just under the title. A semester unit of credit is equivalent to one hour of the student's time per week in lecture for semester length courses with two hours per week in study and preparation. For lab classes, one unit of credit is equivalent to three hours per week for semester length courses.

LIMITATIONS ON SCHEDULING COURSES
All courses and curricula listed in this catalog will not necessarily be offered during 2017-2018. Courses are offered at the College's discretion in accordance with its determination of educational needs and available resources. Courses may be added, canceled, or combined when circumstances warrant.

Any course may be offered either in day or evening. Additionally, some courses are offered online or as hybrid. Specific information concerning class hours and locations will be found in the current Class Schedule.

DEGREE AND NON-DEGREE APPLICABLE COURSES
All courses that apply toward the associate degree require that the Curriculum Committee determine that the coursework is truly at a college level, and that the course incorporates critical thinking, among other standards.

All NON-DEGREE applicable courses have the following statement at the end of their course description: “Units do not apply toward AA/AS degree”.

Transferability of Courses to State Universities

Courses that are transferable to California State University (CSU) and/or to University of California (UC) are identified at the end of the course description as “Transfer: CSU” for transferable courses to California State University, and “Transfer: UC” for transferable courses to University of California. Transferable courses to both CSU and UC campuses are identified as “Transfer: CSU, UC”. A complete list of CSU and UC transferable courses are here: http://catalog.canadacollege.edu/current/transfer-worksheets/index.php

Courses that fulfill the CSU General Education breadth and/or UC Intersegmental General Education Transfer Curriculum (IGETC) patterns are also identified by adding “attributes” after the transferability status of the course. For example, HIST 100 is identified as “Transfer: CSU (C2), UC (IGETC 3B). The worksheets for both CSU General Education breadth and/or UC Intersegmental General Education Transfer Curriculum (IGETC) patterns are outlined here: http://catalog.canadacollege.edu/current/ge-worksheets/igetc.php

A list of transferable courses to CSU and UC campuses is also available at www.assist.org.

Please consult with a counselor for up-to-date articulation information, and how the courses may apply to transfer lower division General Education and major preparation course requirements. Students should also consult with counselor about the transferability of courses for transfer to private and out-of-state universities.

Course Identification Numbering System (C-ID)

For some courses, after the course title, there is an additional C-ID designation. For example, PHYS 250 PHYSICS WITH CALCULUS I (C-ID PHYS 205). This designation is a statewide numbering system independent from the course numbers assigned by Cañada College. A C-ID number next to a course signals that participating California colleges and universities have determined that these courses are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, students at that college can be assured that it will be accepted in lieu of a course bearing the same C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges and in the CSU system. Students should consult the ASSIST database at www.assist.org for specific information on C-ID course designations and to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit. Counselors can always help students interpret or explain this information.
Requirements: Associate in Arts (AA)/Associate in Science (AS) Degree

The awarding of an Associate Degree is intended to represent more than an accumulation of units. It is to symbolize a successful attempt on the part of the College to lead students through patterns of learning experiences designed to develop individual capabilities and insights.

Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, the student shall possess sufficient depth in some field of knowledge to contribute to lifetime interest.

Central to an Associate Degree, General Education is designed to introduce students to the variety of means through which people comprehend the modern world. It reflects the conviction of colleges that those who receive their degrees must possess in common certain basic principles, concepts and methodologies both unique to and shared by the various disciplines. College educated persons must be able to use this knowledge when evaluating and appreciating the physical environment, the culture and the society in which they live. Most importantly, General Education should lead to better self-understanding.

Graduation from Cañada College with the Associate in Arts or Associate in Science degree is based upon the completion of 60 units of lower division college work, including requirements A through G listed below. Substitutions and waivers for degree requirements may be authorized by petition to the appropriate Division Dean. An application for the degree must be filed in the Admissions and Records Office during the last semester of attendance (refer to calendar for the college year for deadline).

If using high school transcripts for placement into transfer-level Math to meet the Basic Math Competency for Associate Degree requirement, students MUST provide an official high school transcript for verification. This does not apply for Associate Degrees for Transfer or for meeting Math transfer requirements to four year universities.

Student Catalog Rights

Each Catalog covers an academic year that reflects enrollment beginning with the fall term and includes subsequent spring and summer terms. Having “catalog rights” means students are held to the graduation requirements listed in the catalog at the time enrollment begins. Students may choose to use catalog rights for any subsequent year of continuous enrollment. For Cañada College, College of San Mateo, and Skyline College, catalog rights apply to enrollment in any of the San Mateo County Community College District colleges.

For the purpose of this policy, “continuous enrollment” means attending at least one term (fall, spring, summer) each academic year. Attendance is required through the fourth week of instruction for semester length classes or thirty percent (30%) of summer classes and semester classes that are shorter than the full semester. Catalog rights gained at a college outside of the San Mateo Community College District are not applicable at Cañada College, College of San Mateo, or Skyline College.

Catalog rights cannot supersede any State or Federal Regulation or requirement in effect at the time of graduation.

Graduation Requirements

A. Resident Requirement

A minimum of 12 units must be completed in residence at Cañada College.

B. Scholarship Requirement

A 2.0 grade point average is required for all degree applicable coursework taken within the San Mateo County Community College District, and all incoming degree applicable coursework taken outside the District.

C. Major Requirement

A minimum of 18 units in a discipline or related disciplines as specified by the appropriate division. A grade point average of 2.0 in the major is required. All classes applied to the major (core and selectives) must receive a grade of “C” or better. If the course is evaluated by Pass or No Pass ONLY then a “Pass” evaluation for the course is acceptable. If the course is offered as “grade option” a letter grade of “C” or better is required. For additional information on the use of Pass/No Pass classes to satisfy degree requirements, please refer to the Pass/No Pass Grading Option information found in the Grades and Academic Standards section of the catalog. Either 12 units or fifty percent of the units required for the major, whichever is fewer, must be completed at Cañada College.

D. Basic Competency Requirements

Competency requirements exist for the areas of Reading, Writing, and Mathematics. Students must demonstrate competency according to the following in each of the areas.
in order to be eligible for the A.A. or A.S. degree. Note: Satisfactory completion is defined as a grade of C or better.

1. **Reading**
   a. Eligibility for English 100 as determined by the English placement test
   b. Satisfactory completion of English 100 or
   c. Satisfactory completion of Reading 836

2. **Writing**
   a. Satisfactory completion of English 100 with a grade of "C" or better

3. **Mathematics/Quantitative Reasoning**
   a. Placement into transfer-level MATH course using official high school transcript** or Math Placement Test
   b. Satisfactory Completion of Intermediate Algebra (Math 120 or Math 123 that is offered at College of San Mateo and Skyline College) with a grade "C" or better
   c. Satisfactory completion of any courses with MATH 120 or 123 (offered at College of San Mateo and Skyline College) as a prerequisite option with a grade of "C" or better

**If using high school transcripts for placement into transfer-level Math to meet the Basic Math Competency for Associate Degree requirement, students MUST provide an official high school transcript for verification. This does not apply for Associate Degrees for Transfer or for meeting Math transfer requirements to four year universities

**E. General Education Requirements**

General Education is the part of an educational program which introduces students to areas of study that develop breadth of outlook and contribute to balanced development. This general education is complementary to, but different in emphasis from, the specialized education received for a job, a profession, or from focusing on a particular field of study. The purpose of the program in General Education is to assist students in moving toward the following goals:

- Developing critical and constructive thinking for problem solving and value discrimination.
- Understanding their relationship to their biological, physical, and cultural environment.
- Understanding the creative activity of others and participating to some extent in creative activity.
- Using basic mechanical, mathematical, and communication skills to solve everyday problems, understand ideas of others, and express ideas effectively.

- Developing a code for personal and civic life as a responsible citizen in a democracy.
- Maintaining good mental and physical health and social adjustment.

Specific General Education Unit Requirements (See AA/AS Degree Requirements on pages 82-83.)

- Associate in Arts Degree—18 units minimum
- Associate in Science Degree—18 units minimum

Those students who wish to pursue an associate's degree (non ADT) from Cañada College and have been awarded a Bachelor's degree from an institution accredited by the Western Association of Schools & Colleges or equivalent accrediting body in the U.S. may be exempt from Cañada College's general education requirements, including the ethnic studies and physical education requirements (see F and G below). Students must submit an official transcript from the institution granting the Bachelor's degree to allow for verification of degree completion and to confirm that they have meet Title 5 requirements for competence in mathematics.

**F. Ethnic Studies**

Educated people celebrate and value cultural diversity. The ethnic studies/cultural diversity graduation requirement of one 3-unit course at Cañada College demonstrates the commitment to include in the education of students the knowledge of the ever-changing diversity of our country. With the fulfillment of this requirement, students have the opportunity to see themselves and others in the mutually supportive relationship basic to the survival and prosperity of all of us. Refer to Ethnic Studies in the Course Descriptions section of this Catalog for a list of specific courses.

**G. Physical Education**

One or more activity courses in physical education for a minimum of 2 units is required for an AA/AS degree. This requirement will be waived or modified for students in the following categories:

- graduates of community colleges or other accredited colleges and universities
- veterans with one or more years of service
- persons excused for medical reasons

Waivers other than for the reasons stated above should be sought following regular college procedures via the Academic Standards Committee.

**H. Exceptions to General Education**

Those students who wish to pursue an associate's degree from Cañada College and have been awarded a Bachelor's degree from an accredited college or university in the US may be exempt from Cañada College's general education requirements, including the ethnic studies requirement (see F above). Students must submit an official transcript from the institution granting the Bachelor's degree to allow
for verification of degree completion and to confirm that they have meet Title 5 requirements for competence in mathematics.
Requirements: Associate Degrees for Transfer

California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to http://www.adegreewithaguarantee.com/Degrees.aspx Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Requirements: Associate in Arts for Transfer (AA-T) / Associate in Science for Transfer (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major.

Student Catalog Rights

Each Catalog covers an academic year that reflects enrollment beginning with the fall term and includes subsequent spring and summer terms. Having "catalog rights" means students are held to the graduation requirements listed in the catalog at the time enrollment begins. Students may choose to use catalog rights for any subsequent year of continuous enrollment. For Cañada College, College of San Mateo, and Skyline College, catalog rights apply to enrollment in any of the San Mateo County Community College District colleges.

For the purpose of this policy, "continuous enrollment" means attending at least one term (fall, spring, summer) each academic year. Attendance is required through the fourth week of instruction for semester length classes or thirty percent (30%) of summer classes and semester classes that are shorter than the full semester.

Catalog rights gained at a college outside of the San Mateo Community College District are not applicable at Cañada College, College of San Mateo, or Skyline College.

Catalog rights cannot supersede any State or Federal Regulation or requirement in effect at the time of graduation.

Graduation Requirements

The following is required for AA-T/AS-T degrees:

1. Completion of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major as detailed in the Associate Degrees and Certificates section of this catalog. All courses in the major must be completed with a grade of “C” or better or a “P” if the course is taken on a Pass/No Pass basis.
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) (see pages 78-79); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern (see pages 80-81).
5. A minimum of 12 units must be completed in residence at Cañada College.

Note: Per state legislation, no additional local graduation requirements can be imposed by the community college and, upon transfer, the student would be admitted to the CSU with junior standing.

Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.
Certificate programs are designed for students looking for short-term programs of instruction with a high degree of specialization. They are designed to prepare individuals to enter a particular field of employment or provide a level of in-service training or education for those already employed. Cañada College awards two levels of certificates. Certificates of Achievement are those that are 12 or more units of coursework that have been approved by the State of California and will be posted to the student's transcript. Skills/Career Certificates are those that are up to 11.5 units of coursework and will be awarded to the student by the department offering the certificate. Skills/Career Certificates will not be posted to the transcript. the section–Associate degrees, Certificates, transfer in this Catalog, lists programs alphabetically by subject and identifies the certificate and associate degree programs available.

The Certificates of Achievement have been designed on the career ladder concept. Some of the coursework applied to the certificates can also be applied to associate degrees. If no associate degree major exists in the area, some of the units can be counted as electives toward any associate degree. If an associate degree with the specific major exists, the units may make up an Associate Degree major.

Certificate of Achievement General Requirements

1. The prescribed courses and units must be completed as identified in the Cañada College Catalog under core and selective courses.
2. Fifty percent of the required courses (identified as core and selectives) must be completed at Cañada College. Equivalent lower division courses completed at other institutions holding district approved accreditation may be submitted on a Request for Substitution petition for consideration to satisfy some certificate requirements. Petitions for this purpose are available in the Admissions and Records Office, Building 9, first floor.
3. All major (core and selectives) classes applied to the certificate must receive a grade of C or better. If the course is evaluated by Pass or No Pass ONLY then a “Pass” evaluation for the course is acceptable. If the course is offered as “grade option” a letter grade of C or better is required. For additional information on the use of Pass/No Pass classes to satisfy certificate requirements, please refer to the Pass/No Pass Grading Option information found in the Grades and Academic Standards section of the catalog. A 2.0 grade point average is required for all degree applicable coursework taken within the San Mateo County Community College District and all incoming degree applicable coursework taken outside the District.
4. Overall grade point average of at least 2.0 in all certificate courses (required core + selectives).
5. Students must be in “good academic standing” to receive a Certificate of Achievement.

Student Catalog Rights

Each Catalog covers an academic year that reflects enrollment beginning with the fall term and includes subsequent spring and summer terms. Having “catalog rights” means students are held to the graduation requirements listed in the catalog at the time enrollment begins. Students may choose to use catalog rights for any subsequent year of continuous enrollment. Catalog rights gained at a college outside of the San Mateo Community College District are not applicable at Cañada College, College of San Mateo, or Skyline College.

Catalog rights cannot supersede any State or Federal Regulation or requirement in effect at the time of graduation.
Advanced Placement Testing Policy Worksheets

**Advanced Placement Test Policy 2017-2018**

Cañada College, College of San Mateo, and Skyline College grant credit for College Board Advanced Placement (AP) Tests toward Associate Degree General Education requirements, California State University General Education (CSU GE) Certification, and Intersegmental General Education Transfer Curriculum (IGETC) Certification.

SMCCCD applies external exam credit to associate degree general education requirements in the same manner as CSU applies external exam credit to CSU general education requirements. The following list of College Board Advanced Placement Tests indicates the applicability of the AP results. **PLEASE NOTE THAT THE AP RESULTS APPLY TO GENERAL EDUCATION REQUIREMENTS ONLY.** To receive credit, a score of 3, 4, or 5 is required, and students must submit an official copy of the test score to the Admissions and Records Office and request a SMCCCD Transcript Evaluation (TES) at [www.smccd.edu/transeval](http://www.smccd.edu/transeval). The TES evaluation result will appear on WEBSMART Degree Works Audit.

1. Prior to Fall 2013, a credit of 3 semester units with a passing score of 4 - Removed for GE Breadth in Fall 2013
2. The IB curriculum offers language at various levels for native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively.

The chart above outlines general education application for International Baccalaureate (IB) Exam. IB credit application to university majors and degree requirements is determined by evaluators at each Transfer institution. Students should be aware that college courses taken after the IB test may duplicate the content of the IB test and, in these cases; the university (transfer institution) may not award credit for both the course and the IB test. Space does not permit discussion of how IB credit is granted for every university and program. Students are advised to thoroughly investigate IB credit as it relates to University Transfer.

Student must submit an official copy of the test score to the Admissions and Records Office and request a SMCCCD Transcript Evaluation (TES) at www.smccd.edu/transeval. The TES evaluation applies external exam results to GENERAL EDUCATION AREA REQUIREMENTS ONLY.

1. If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the associate and baccalaureate. For each test in a language other than English, a passing score of 50 is considered “Level I” and earns six units of associate and baccalaureate credit; the higher score listed for each test is considered “Level II” and earns additional units of credit and placement in Area C2 of GE Breadth, as noted.

*Students will earn minimum of 12 semester credit, if this test is taken before Fall 2015.

Revised 5/3/2017

Additional Information on External Examinations (AP, IB, CLEP):

1. Issues around credit for external exams are complex. Where there is common use for general education areas as noted above, the use of external exams to meet major requirements is complex and specific to the receiving transfer institution. It is up to the student to thoroughly research this information.

2. The chart does not provide information about transfer credit generated by external exams for the purpose of admissions. The AP, IB, and CLEP charts above outline how the results of these exams may apply to General Education requirements.

3. San Mateo Community College district applies AP, IB, and CLEP credit to Associate Degree General Education area requirements in the same manner as the CSU system applies AP, IB, and CLEP credit to CSU GE area.

4. The chart does not provide information about if or how external exam results apply to major course The application of AP, IB, and CLEP results to university majors and degree requirements is determined by each transfer institution. At Cañada College, College of San Mateo, and Skyline College, each instructional division determines if or how AP, IB, and/or CLEP credit is applied to associate degree major or certificate requirements.

5. Students who have earned credit through AP, IB, and/or CLEP should not take a comparable college course because credit will not be granted for both the external examination and the comparable college College courses (taken before or after external exams) may duplicate content. Where content duplication exists, students do not get credit/units for both the external exam and the college course.

6. Each AP exam may be applied to one CSU GE breadth/IGETC area as satisfying one course requirement with the exception of language other than English (LOTE). Space does not permit discussion of how AP credit is granted for every university and Students are advised to thoroughly investigate AP credit as it relates to a University.
7. Actual AP transfer credit awarded for AP exams for admission is determined by the CSU and

External exam policies for UC and CSU are subject to periodic modifications.

**To receive credit for External Examination, AP, IB or CLEP:**

Students, who are planning to receive credit for external examinations must:

- Submit official copy of the test results to the Admissions and Records Office
- Request a SMCCCD Transcript Evaluation at www.smccd.edu/transeval
- Work with your counselor to develop a comprehensive Student Educational Plan (SEP) after the TES evaluation is completed and appears on Degree Works.

**Note:**

- Beginning in fall 2013, when students request the TES evaluation, the results will appear on Web SMART Degree Works Audit.
- The TES evaluation applies external exam results to GENERAL EDUCATION AREA REQUIREMENTS ONLY.
- Visit TES web site, www.smccd.edu/transeval, for more information about the application of external exams and the unit values applied to general education areas, admission units generated by external exams, and other information and restrictions.
- Students must meet with a counselor to review and evaluate the results of these external exams to ensure they plan their education path correctly.

Variable Topic Courses
Variable Topics courses refer to 680's, Selected Topics, 690's, Research Projects, and 695's, Independent Study. Credit for these courses is given only after a review of the course outline by the enrolling UC campus. This usually occurs after transfer. UC will not give credit for variable topics courses in Journalism, Health, Business Administration, Architecture, or Library Departments due to credit restrictions in those areas.

Physical Education Activity Courses - Limitations

We are committed to providing a safe and secure environment for students, faculty, staff and community members that supports and enhances the educational mission of the colleges.

ALERTU and Safety Tips

PUBLIC SAFETY

Public Safety is here for you!
The SMCCCD Department of Public Safety welcomes you to our campuses. Our mission is to keep you safe and to provide you with services you may need.

Things you need to know...
The SMCCCD community is very serious about keeping you safe and secure, but we can’t do it alone. You need to know how to keep yourself and your belongings safe too. We all participate in emergency preparedness drills and exercises.

LOCKDOWN / BARRICADE—Follows the steps in the Big Five immediate response protocol. You will be instructed on how to respond when directed by the Emergency Announcement System (EAS) e-mail or text (AlertU).

GREAT SHAKEOUT—Occurs in October and all three colleges will take part. You will be alerted to respond to this simulated earthquake.

Parking Permits
Did you know that a semester permit costs $53 for Spring or Fall? If you attend classes just twice weekly during a 17 week semester, daily $2 permits would cost you $68! If you take your chances and get cited only twice during the semester for not having a permit, the cost would be $56!

Annual Security Report
San Mateo County Community College District’s (SMCCCD) 2016 Annual Security Report (ASR), required by the Clery Act, includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings owned or controlled by SMCCCD, and on public property within, or immediately adjacent to, and accessible from SMCCCD. Our 2016 Annual Security Report also outlines various campus safety and security policies, such as those concerning crime reporting, prevention and response to assault and verbal incitement, alcohol and drug use, crime prevention, emergency response and evacuation procedures, and other matters. The 2016 Annual Security Report is now available at http://www.smccd.edu/publicsafety/2016%20SMCCCD%20Annual%20Security%20Report.pdf. You can also obtain a copy of this report by contacting the Department of Public Safety at the District Office or any of the three Campuses (650) 738-7000.

Purchasing Student Parking Permits

Student parking permits are available for $53 each for the fall semester and spring semester; $26 for the summer session; and $96 for a two-semester permit (Fall and Spring). Semester parking permits are valid at all three campuses of the District (Cañada College, College of San Mateo, and Skyline College.) Parking permits for students with California Board of Governors (BOG) waivers are $30 per semester/$60 for a two-semester permit ($25 for Summer). Parking permit fees are nonrefundable unless an action of the College (e.g., cancellation of all of the student's classes) prevents the student from attending. Lost and stolen parking permits are nonrefundable.

Parking permits are available for purchase online (via WebSMART) during registration and throughout the term of the permit. All permits are mailed to the address specified on the order. Permits are transferable from vehicle to vehicle.

Students may purchase permits in person at each College. There is no shipping and handling fee if you purchase your permit in person.

Affixing Student Parking Permit

Parking permits must be affixed to the inside lower left of the front windshield. Plastic permit hangers allowing the permit to be displayed on the interior rear view mirror are also available for purchase at each College bookstore. Whichever method you choose, you must ensure the permit is visible in its ENTIRETY at all times. It is the permit holder's responsibility to properly affix the permit in the vehicle.

Daily, Visitor, and Disabled Parking

Daily Parking & Visitor Parking

Daily parking permits are available for purchase for $2.00 each from permit dispensers at each College. (For the location of the parking lots, please refer to campus maps.) Daily parking permits are valid in all lots where, and when, students are authorized to park. These permits must be displayed face-up on the dashboard.

Disabled Parking

Spaces marked and painted blue are reserved for those persons with a California disabled placard or license plate. Students with temporary disabilities who do not have a placard may receive special parking consideration by contacting the College's Disability Resource Center. Special permits must be displayed as noted on the permit.

Enforcement

Parking, traffic regulations, and the California Vehicle Code (CVC) are enforced under the authority of Section 21113A CVC. In accordance with California Vehicle Code Section 40202, citations may not be informally rescinded by College authorities. Consistent or flagrant violations may cause the vehicle to be towed away at the owner's expense.
Citations for parking violations are sent to the Office of Parking Violations weekly. All citations are reviewed by the Office of Parking Violations and must be processed through the Office of Parking Violations procedures. Directions for requesting a hearing are explained on the citation.

**Appealing a Parking Citation**

Parking citations may be contested by executing and mailing a completed Parking Citation Contest Form to the citation processing agency. Forms are also available from the Campus Public Safety Office on each campus. The name and address of the citation processing agency are on the form. The contestant will receive a written response from the citation processing agency reflecting the results of the appeal.

If you are dissatisfied with the outcome of the appeal, you may obtain an administrative hearing in Daly City or Menlo Park. The directions for obtaining an administrative hearing are included on the written response to the citation appeal. You will receive a written response from the citation processing agency reflecting the results of the administrative hearing.

If the contestant is dissatisfied with the outcome of the administrative hearing you can obtain a hearing before a Judge. The directions for obtaining a judicial hearing are included on the written response to the administrative hearing. Hearings for Skyline College will be conducted at the Northern Branch of Superior Court in South San Francisco, College of San Mateo at the Central Branch in San Mateo and Cañada College at the Southern Branch in Redwood City.

Professional School Preparation: Pre-Dental, Pre-Medicine, Pre-Pharmacy, Pre-Veterinary, Pre-Optometry

Many students are interested in careers in Allied Health and wonder what they should major in at Cañada College. Students often have the misconception that "pre-med" is an academic major and it is not. Students should major in what they enjoy as long as they take the appropriate courses required for professional school (medical, dental, veterinary) admission. Some students choose majors like Biological Science, Genetics, or Microbiology, where there is a great deal of overlap between courses required for their major and the professional school undergraduate requirements. Others choose majors not directly related to their career objective, such as English, Psychology, Anthropology, and use their elective units to meet the professional school requirements. Professional schools, especially medical schools, are looking for well-rounded students who have taken courses in the Humanities and Social Sciences, and who have participated in activities and community work. More information can be found at numerous websites (i.e., https://www.aamc.org/) and by speaking with a Counselor/Advisor.

Each professional school has a minimum number of prerequisite courses to be taken at the undergraduate level. Requirements vary from school to school. Many prerequisite courses may be taken at Cañada College.

Cañada College offers lower division coursework required for transfer in the area of Biological Sciences. Students should use PROJECT ASSIST (http://www.assist.org/web-assist/welcome.html) to research lower division major requirements at the transfer destination(s) of their choice. Also, work with a Counselor/Advisor to determine appropriate transfer coursework.

AS Early Childhood Education/Child Development

The Early Childhood Education/Child Development program is designed to meet the needs of people planning a career working with young children and/or those who are already employed. Certificates are aligned with the Child Development Permit Matrix. Caring for children from birth through school age, in professional settings outside of the home are the primary focus. Current research and practical applications highlight the variety of career choices that students completing certificates and degrees can pursue. Children's growth, developmentally appropriate practice, cultural diversity, observational skills, family support and professional development within the ECE field are major components of the program. In order to meet the diverse needs of ECE students, courses are offered mornings, afternoons, evenings and weekends; we encourage students to develop an personalized Education Plan (EP) so that they can complete specific program requirements including certificates, degrees, and transfer.

Career Opportunities

Graduates of the ECE/CD program with the ECE/CD certificate are prepared for positions in the Early Care and Education field as teachers, family child care providers and para professionals in elementary school settings. Graduates with an AS degree with a major in ECE/CD are prepared for positions as head teachers, master teachers, and site supervisors.

Program Learning Outcomes

**AS-T Early Childhood Education**

The Early Childhood Education/Child Development program is designed to meet the needs of people planning a career working with young children and/or those who are already employed. Certificates are aligned with the Child Development Permit Matrix. Caring for children from birth through school-age, in professional settings outside of the home are the primary focus. Current research and practical applications highlight the variety of career choices that students completing certificates and degrees can pursue. Children’s growth, developmentally appropriate practice, cultural diversity, observational skills, family support and professional development within the ECE field are major components of the program. In order to meet the diverse needs of ECE students, courses are offered mornings, afternoons, evenings and weekends; we encourage students to develop an Individualized Education Plan (IEP) so that they can complete specific program requirements including certificates, degrees, and transfer.

**Career Opportunities**

Graduates with an AS degree with a major in ECE/CD are prepared for positions as head teachers, master teachers, and site supervisors. The AS T Early Childhood Education prepares them for transfer into Child and Adolescent Development, Human Development and similar bachelor degree programs.

Child Development Permits and Areas of Specialization

CHILD DEVELOPMENT PERMIT

Cañada College's ECE./CD Certificate Program is aligned with the Child Development Permit regulations. The Permit has been approved by the California Department of Education and the Commission on Teacher Credentialing for child care and development centers operating under Title 5 (publicly subsidized).

The Child Development Permit emphasizes professional development and will eventually impact the entire Early Childhood Education field. The career lattice approach acknowledges the importance of many entry points into the profession. The Child Development Permit has taken the place of the Emergency Children's Center Instructional Permit, the Children's Center Supervision Permit, and the Life Children's Center Supervision Permit.

AREAS OF SPECIALIZATION WITHIN THE ECE./CD PROGRAM APPLICABLE TO THE MASTER TEACHER PERMIT

In accordance with the guidelines established by the Child Development Permit for the Master Teacher, Cañada College's ECE./CD Program has created several "specializations." (*Administration* is not considered a specialization.) Six semester units in specific areas define a specialization. These focus areas can be useful to students when seeking work advancement or career development options.

**AA** Economics

Economics is the study of production, consumption and allocation decisions under conditions of scarcity, or as economist Steven Landsburg says, “People respond to incentives.” Everything else is noise. Economics is usually broken down into two sub-disciplines:
Macroeconomics looks at the performance of the economy as a whole. Many macroeconomic issues appear in the news daily. Economic students study topics such as economic growth; inflation; changes in employment and unemployment, our trade performance with other countries and the relative success or failure of government economic policies and the policies made by the Federal Reserve.

Microeconomics looks at economics at the level of individual consumers, groups of consumers, or firms. The general concern of microeconomics is the efficient allocation of scarce resources between alternative uses. Microeconomics looks at the determination of price through the optimizing behavior of consumers and firms; with consumers seeking to maximize happiness and firms, profit.

Program Learning Outcomes
Students completing this program will be able to:

1. Analyze social science concepts and theories.
2. Evaluate diverse viewpoints related to the human experience.

AA-T Economics

Two of the most concise definitions of economics are as follows: Economics is the study of production, consumption and allocation decisions under conditions of scarcity, or as economist Steven Landsburg says, “People respond to incentives.” Everything else is noise. Economics is usually broken down into two sub-disciplines:

Microeconomics looks at economics at the level of individual consumers, groups of consumers, or firms. The general concern of microeconomics is the efficient allocation of scarce resources among alternative uses. Microeconomics looks at the determination of price through the optimizing behavior of consumers and firms; with consumers seeking to maximize happiness and firms, profit.

Career Opportunities
AA-T completion would offer students opportunities in entry level banking and finance as well as some city and state government positions. Transfer and completion of a BS/BA in economics would offer students opportunities, in addition to the ones already described, in advanced banking, finance, venture capital and investment companies. Finally, a BS/BA in economics creates a solid foundation for an MBA, JD or MS/PhD in economics.

Program Learning Outcomes
Students completing this program will be able to:

1. Analyze social science concepts and theories.
2. Evaluate diverse viewpoints related to the human experience.
3. Produce evidence-based arguments.

**AA-T Geography**

Geography provides insights about the earth as the human habitat. It is a way of looking at the earth, not an inventory of its contents. This viewpoint rests on fundamental interlocking concepts. The cultural appraisal of the earth, the regional concept, areal coherence, human ecology, spatial interaction, study of landscape, and the concept of change are all ways the geographer tries to better understand the environment.

Geographers are curious about what they see around them. They study the processes that shape the landscape, including those that build up the Earth's surface (earthquakes and volcanoes) and those that wear it down (weather, water, ice, wind, and waves). In addition to the physical landscape, geographers study the cultural landscape. They study populations, their cultural origins, and the spread of cultural features (language, religion, technology, etc.). Interestingly, geographers are also interested in how the physical and cultural landscapes interact, how humans alter the environment and how the physical environment affects populations and cultures.

**Career Opportunities**

The broad, interdisciplinary field of Geography prepares students for a wide variety of careers related to spatial analysis, including career in urban planning, community development, emergency management, environmental

**Total Required Major Units: 18**

Refer to Option 2 listed above for information on degree requirements that must be fulfilled in order to complete the total of 60 degree applicable units for an Associate Degree.

**AA Interdisciplinary Studies, Option 2, Transfer Pattern: Natural Science and Mathematics**

The Natural Science and Mathematics are a gateway to a very large number of occupations, many of which require specific coursework for transfer and/or admission to professional schools. In general, careers in the natural sciences require strong computational, communication and analytical thinking skills.

The degree in Interdisciplinary Studies with emphasis in Natural Science and Mathematics prepares students for further study and employment as life and physical scientists, health practitioners, engineers and science technicians.

The Interdisciplinary Studies major is designed for students pursuing broad areas of study and exploration in an area of emphasis as described below. Option 2 enables students to complete the requirements for the Associate degree and to fulfill the general education requirements for the California State University, University of California, or some private and out-of-state universities.

Important: Completion of the CSU or UC patterns does not guarantee admission to any of these institutions. Consult with a counselor for further information.

**Option 2, Transfer Pattern: California State University, University of California, or some private and out-of-state universities.**

Intended for students who are planning to transfer to a four-year university. Courses should be chosen carefully in consultation with a counselor.

A. Choose a General Education Pattern

- Complete 39 units of the CSU GE requirements (a C or better grade is required in Areas A1, A2, A3 and B4)

OR

- Complete 34-37 units of the Intersegmental General Education Transfer Curriculum (IGETC) for UC or CSU (all courses must be completed with a C or better grade)

B. Complete 18 units in the Natural Science and Mathematics Areas of Emphasis as shown below.

C. Remaining 3 to 5 units should be chosen in consultation with a counselor to fulfill Associate Degree competency and specific area requirements and lower-division preparation and/or electives for a total of 60 degree applicable units for an Associate Degree.

**Program Learning Outcomes**

Students completing this program will be able to:

1. Use the scientific method to investigate scientific questions and critically evaluate and effectively communicate scientific data.
2. Use symbolic, graphical and numerical representation of mathematical ideas to address real world problems.
3. Critically evaluate scientific information and examine its significance and impact on society and the environment.

AS Interior Design

The Interior Design Department offers courses designed for individuals interested in preparing for careers in the professional fields of interior design. Included in the program are a transfer program, an AS degree, and three Certificates of Achievement. The Kitchen & Bath Design Certificate is accredited by the NKBA (National Kitchen & Bath Association). The AS degree and Interior Design Certificate of Achievement meet the minimum education qualifying requirements for ASID (American Society of Interior Designers) allied membership. These, as well as the Kitchen & Bath Design Certificate fulfill the educational requirement for the IDEX exam to become a Certified Interior Designer (CID) in California. Completion of the Kitchen and Bath Design Certificate prepares students for the AKBD (Associate Kitchen & Bath Design) exam, and along with sufficient work experience in the field, the CKD (Certified Kitchen Designer) and the CBD (Certified Bath Designer) exams. If a student has an earned Bachelor’s Degree, he/she needs to see a counselor regarding courses completed during the first two years of college that may be substituted for core requirement courses.

Career Opportunities
Options for career paths include residential design, space planning and home staging, kitchen and bath design, commercial design, retail sales, sustainable design, historic preservation and renovation, lighting design, or showroom or product manufacturer’s representative.

Program Learning Outcomes
Students completing this program will be able to:
1. Communicate design concepts clearly and concisely (i.e. visual, oral, and written).
2. Develop competitive industry standard skills in the respective fields.
3. Understand the elements and principles of design through discipline-specific implementation.

Courses cover topics on ballet, modern dance, jazz dance, history, anatomy, dance composition and music. Upon completion of the program, the dancers will possess good problem-solving skills, an ability to work with people, good health and physical stamina, along with flexibility, agility, coordination, and grace, a sense of rhythm, a feeling for music, and a creative ability to express themselves through movement.

Dancers perform in a variety of settings, including opera, musical theater, and other musical productions. They also perform in television, movies, music videos, and commercials, in which they may sing and act. Choreographers and Dance Instructors create original dances, teach dance and develop new interpretations of existing dances. They work in theaters, dance schools, dance and movie studios, and at fashion shows, and are involved in auditioning performers for dance parts.

Program Learning Outcomes

2. Exhibit interpersonal communication, cooperative relationships and social interaction within diverse and dynamic environments.
3. Analyze and understand the discipline of kinesiology to apply appropriate scientific and quantitative conclusions to physical activity.
4. Demonstrate and improve fitness components along with alignment, body positioning, special awareness, or rhythm while performing exercise movements.
5. Demonstrate professional and ethical decision-making and civic responsibility when applying knowledge of kinesiology.

NURSING

Preparation/Specialization Information

Nursing ................................................................. N/A

Nursing

Pre-nursing “To prepare students to enter most nursing programs, students will need to complete BIOL 240/250/260, general chemistry (CHEM 410 or 210/220), statistics (MATH 200), and often an interpersonal communication class and writing or critical thinking class.

To prepare students to specifically enter the San Francisco State BSN nursing program at Cañada, students will need to complete BIOL 240/250/260, general chemistry (CHEM 410 or 210 or 192), Statistics (MATH 200), ENGL 100, COMM 110 (or other oral communication class), and PHIL 103 (or other critical thinking class). Courses not required for application but required for licensure and preparation for upper division course work include the following: PSYC 100 or 200 and ENGL 110 or 165. Students should have no more than 1 pre-requisite in progress at the time of application.

Please Note:
While not required, experience has shown that students do better if they take BIOL 240 last in the sequence.

- CHEM 410, CHEM 192 or CHEM 210 is required before BIOL 260 (physiology) and BIOL 240 (microbiology), so chemistry must be taken in the first year. CHEM 192 and 410 require MATH 110 or MATH 190, while CHEM 210 requires MATH 120.

- CHEM 410 is the chemistry class most often taken by students interested in nursing.

- An introductory biology course is not required by SFSU, but either BIOL 110 or BIOL 130/132 is required before starting the BIOL 250/260/240 sequence. MATH 200 (statistics) can be taken any time after intermediate algebra.

Cañada College offers lower division coursework required for transfer in nursing. Students should use PROJECT ASS IST (www.assist.org) to research lower division major requirements at the transfer destination(s) of their choice. Also, work with a Counselor/Advisor to determine appropriate transfer coursework.

### AA Philosophy

Philosophy is a disciplined reflection on the human condition. It can be an analysis and criticism of ideas and statements, or an attempt to synthesize all experience and knowledge, or an exploration of the meaning of life and how best to live it. Critical thinking is developed while examining peoples’ responses to fundamental questions.

**Career Opportunities**

Philosophy cultivates general purpose “transferable” work skills. Its emphasis on reasoning and argumentation fosters critical thinking and communication skills applicable to a wide range of professional contexts. Professions that are of particular relevance to philosophy include law, business, government, social work, and health management. Philosophy is also valuable preparation for law school as well as post-graduate studies in the humanities, social sciences, and/or natural sciences.

**Program Learning Outcomes**

Students completing this program will be able to:

1. Analyze social science concepts and theories.
2. Evaluate diverse viewpoints related to the human experience.
3. Produce evidence-based arguments.

**AA** Psychology

Psychology, the science concerned with behavior and mental processing, is a broad discipline, essentially spanning subject matter from biology to sociology. It covers the intersection of two critical relationships: one between brain function (biology) and behavior, and one between the environment (sociology) and behavior. Psychology is concerned with the study of human and nonhuman animal behavior and mental processing. While the individual is usually the focal point (as in personality, developmental, clinical and therapy areas) the influence of group behavior on the individual is also considered. Psychology involves both pure science and practical application to everyday living. The field of psychology follows scientific methods, using careful observation, experimentation, and analysis that results in scientific findings of natural and social science.

**Career Opportunities**

The U.S. Bureau of Labor expects opportunities for careers in psychology to continue growth over the next decade. Numerous opportunities will develop in secondary and postsecondary education, public and private social service agencies, and management consulting service. Careers in health care will grow fastest in outpatient mental health and substance abuse treatment clinics. Businesses will use psychologists' expertise for analysis and research to provide marketing evaluation and statistical analysis as well as employee assistance programs, which offer employees help with personal problems.

Dance

(See also Fitness, Individual Sports, Kinesiology, Team Sports and Varsity Sports)

(View List of Dance Families)

The majority of courses offered by the San Mateo County Community College District are now leveled to show progression from the most fundamental (level 1) to the most advanced (level 4). Course levels can be identified by a .1, .2, .3, or .4 system or by the course title. Course levels may be scheduled simultaneously. Students are advised to enroll initially at the fundamental level (.1) regardless of previous experience and be placed at the appropriate level based on instructor assessment. Adapted Physical Education and intercollegiate sports related courses are not affected by the repeatability legislation.

Kinesiology activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family listed below. If there is more than one course in a particular family, a student may only enroll in a maximum of four total courses within that family. After four courses within a family have been taken, a student has the option to audit should they wish to continue enrolling in courses within that family. Students who audit do not count
toward meeting local minimum enrollment requirements. Thus, a class may be cancelled if enough credit seeking students are not enrolled no matter how many students wish to audit. For information about how to audit, students should refer to the audit policy in the catalog.

A course previously taken by a student, prior to course leveling within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four combined. Below is a matrix which identifies the previous courses (based on the 2012-2013 catalog) and the equivalent with levels. This limitation on enrollment applies to all coursework attempted by the student. Students not having previously taken a Kinesiology or Dance activity course may have the opportunity to enroll in courses within a particular family for a maximum of four times.

(See repeatability statement listed at the beginning of the Kinesiology, Athletics and Dance section)

Kinesiology, Athletics, and Dance

(See also Dance, Fitness, Individual Sports, Team Sports and Varsity Sports)

(See also Dance, Fitness, Individual Sports, Team Sports and Varsity Sports)

Kinesiology activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family listed below. If there is more than one course in a particular family, a student may only enroll in a maximum of four total courses within that family. After four courses within a family have been taken, a student has the option to audit should they wish to continue enrolling in courses within that family. Students who audit do not count toward meeting local minimum enrollment requirements. Thus, a class may be cancelled if enough credit seeking students are not enrolled no matter how many students wish to audit. For information about how to audit, students should refer to the audit policy in the catalog.

A course previously taken by a student, prior to course leveling within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four combined. Below is a matrix which identifies the previous courses (based on the 2012-2013 catalog) and the equivalent with levels. This limitation on enrollment applies to all coursework attempted by the student. Students not having previously taken a Kinesiology or Dance activity course may have the opportunity to enroll in courses within a particular family for a maximum of four times.

**Music**

*(View List of Music Families)*

Music activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Music activity courses are offered in levels by progression. Courses are listed by title; for example, Piano, Guitar, etc., and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Piano class would be listed as MUS. 301.1, Piano I while an advanced Piano class would be MUS. 301.4, Piano IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

### Theatre Arts

(View List of Theatre Arts Families)

Theatre Arts activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Theatre Arts activity courses are offered in levels by progression. Courses are listed by title; for example, Acting, Rehearsal and Performance, etc., and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Acting class would be listed as DRAM 201.1, Acting I while an advanced Acting class would be DRAM 201.4, Acting IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment.
Continuing students who have previously taken a course within a family, must progress to the next level.
