Residency Determination

A California resident, for purposes of attendance at a community college, is a person who is eligible to establish residence and who has maintained physical presence in the state for at least one year and one day immediately preceding the first day of classes with the intention of making California his or her home. The burden of proof to establish residence is on the student.

A student who is a non-U.S. Citizen must hold a Visa type that allows the student to establish domicile in the United States. California Education Code, Sections 68000-70902.
