Experimental/Selected Topics Credit Courses

The course numbering system in use at Cañada College as part of the San Mateo County Community College District categorizes courses according to the following:

- **100-599** Courses generally transferable to a four-year college or university.
- **600-699** Courses varying in content and which are usually transferable.
- **700-799** Courses that are part of a specific occupational program and which are not generally regarded as transferable.
- **800-899** Courses that are non-transferable

From time to time, a department may offer a course which is experimental in nature, and covers a special topic. Because such courses are never exactly the same, you will not find them described in the catalog. They are, however, regular credit courses of the College.
