Cultural Center

As part of the Office of Equity, the mission of the Cultural Center is to create spaces of healing, joy, and critical engagement through learning awareness, and advocacy that empower the campus community to become culturally responsive advocates for justice and liberation. Our goals are to EDUCATE. CREATE. AND SUPPORT.

EDUCATE about and celebrate cultures through cultural programming and cultural immersion experiences.

CREATE spaces for coalition building through partnerships, collaborations, and affinity spaces to interrogate and dismantle systems of oppression.

SUPPORT and advocate for the success of our most marginalized students through resources, events, and services.

Office of Equity's Cultural Center initiatives, activities, and resources are designed to support the learning, training, and development of our students, faculty, and staff. Our resources, educational materials, and experiences are centered in social justice pedagogy to allow participants to explore cultural, historical, and social impacts. Throughout the year, the space also serves as a community hub for events, activities, and workshops about cultures through cultural programming and cultural immersion experiences.
